UKIAH, MENDOCINO COUNTY, CALIFORNIA, NOVEMBER 8, 1939 (Ten Pages) VOLUME LXIII—No. 26

Ed Gschwend Held In A Girl's Death

At an inquest Friday a coroner's jury held Ed Gschwend responsible for the accident which resulted in death for little Edna Ruth Miller at Calpella, their verdict stating death resulted from "injuries received in a collision between two cars, one driven by Ed Gschwend and one by George Miller; and further find the collision was due to negligent driving on the part of Ed Gschwend." C. E. Gordon was foreman of the coroner's jury —The other members of the jury being Louis M. Hildreth, Earl W. Cox, W. L. Brown, L. M. Holliday, Paul W. Poulos, J. C. Johnson, M. A. Sloper, Ed Davidson, J. L. Charlton and T. L. Hiatt.

ARMISTICE DAY AT WILLITS TO BE OBSERVED

Several Organizations Seek To Stimulate Patriotism

'AMERICANISM' THEME

North Coast Counties To Send Delegations To Big Affair

Special Correspondence of The Press

WILLITS, Nov. 6.—"Americanism" will be the theme around which the joint meeting of the American Legion, Associated Farmers of California, Lions Club and other patriotic organizations and citizens will observe Armistice Day at the high school auditorium Saturday afternoon. Howard G. Crawford, prominent Lakeport attorney, will deliver the oration and Harold E. Pomroy, of San Francisco, will also be one of the speakers. Rev. C. L. Buckner will offer the invocation and Rev. Father Murphy the benediction.

School Takes Prominent Part.

The high school manual training class has made a miniature cemetery called "Flanders Field," which includes the grave crosses with settings to make it look real. Following the ceremony a firing squad of the American Legion will sound taps. Before and during the program the high school orchestra will give a number of selections and a chorus of grammar school pupils will sing.

Preserve Status Quo Here.

Americanism is the most vital subject in this country just now when Communism and Nazism are said to be rampant in some of the larger cities. We should consider ourselves lucky we live in a cow county during this turmoil for even at the worst all we would get is a small backwash. However, it is the duty of every true American to do his or her part.

Many Will Attend.

A large delegation is expected from San Francisco and all of the north coast counties. The Humboldt county delegation has already announced it will arrive here in a caravan. It is fully expected there will be from 500 to 1000 outsiders in attendance for Willits, on account of its central location, was chosen as the best place in which to hold this joint meeting. Lee Roberts and A. E. Stanert were in Ukiah, Thursday, in the interest of this meeting and they have the promise of a large delegation from the countyseat. Of course everybody is invited.

Veterans Memorial Building.

Last week Supervisor Duane Bittenbender received word from Sacramento the State Highway

(Turn to page 3)

NEW MANAGER TAKES UP JOB

J. G. Pearce, arrived from Sacramento the first of the week. He is the new manager for the J. C. Penney Co. Mr. Pearce has been with the corporation 10 years, originally hailing from Nevada. Mr. Pearce has a wife and two children and they will arrive as soon as Mr. Pearce can secure a residence. The new manager is an experienced business man, possessed of a fine personality and is certain to make good for his company and rapidly acquire friends in Ukiah.

NINTH BIRTHDAY

Donald Millard observed his ninth birthday Monday afternoon with a score of young friends from the fourth grade who gathered at the home of his parents, Mr. and Mrs. R. A. Millard for games and refreshments.

Director A. R. O'Brien went to San Francisco yesterday to be on hand today at a meeting of the Golden Gate Bridge and Highway directors who will, likely, take up the question of commute tolls over the bridge.

WEATHER-WAR KEEP TRUCKS ON THE ROAD

Scrap Iron Is Moving Constantly Since Scare Started

RANGES LACKING FEED

Much Hay Is Being Hauled Here—Bad Winter Likely

The demand for scrap iron is now so great it is being trucked from as far north as Crescent City to South San Francisco where it is being melted and will be used later for war munitions for the U. S. government, it is reported.

Bring Back Hay.

The service between Ukiah and Crescent City is conducted by Elgin Ray, of Cummings, and this is the way it works: Mr. Ray brings the loaded truck as far as Ukiah where he delivers it to another driver who takes it to San Francisco. The man who drives on the south end takes the empty truck to Woodland where it is loaded with alfalfa hay and then brought to Ukiah where Mr. Ray takes charge and delivers the hay to Humboldt county dairymen.

Bad Winter Likely.

All of the natural feed in this part of the state is gone and some of the ranges are as bare as a paved highway. It now looks as though it will be a bad winter for stockmen.

A SANTA ROSA BID TO EAGLES

To Unite In Armistice Celebration On Friday Eve

Ukiah Aerie of Eagles, No. 319, one of the strongest lodge units in the county, has been invited by Santa Rosa Aerie to participate in the Armistice program planned by the Sonoma county neighbor for Friday evening, and will send a representative group of members for the occasion. Announcement of the celebration was made at last week's regular meeting of the local body.

Has Won Distinction.

Honors accorded Ukiah Aerie have placed it among top ranking units of the state. William Schmidt, secretary, has been reappointed the fourth time as Deputy Grand President over 11 Aeries, from Marin county to the Oregon line. E. A. Eversole, president, has been chosen Deputy State President for the district including Willits, Fort Bragg and Ukiah. Not only has the Ukiah group the distinction of having two deputies among its members, but also is one of 14 Aeries out of 200 to have met its membership quota the past five years, and now has a total of 265 members. Newest of these are County Superintendent of Schools John W. Taylor, Joe Broggi, Tony Locate and Clarence E. Wegner.

Remember War Widows.

Eagles count among their most important obligations care of those left by men who gave their lives in the World War, and 4000 such beneficiaries have received $1000 each from the Eagles. Beneficiaries of veterans dying from effects of injuries received in the war and who were members of the lodge receive the same amount.

Fire Extinguished At City Gas Plant

What might have been a serious fire was narrowly averted Monday morning when some escaping butane gas ignited at the city gas works. One of the employes was working with a valve and this allowed the gas to escape. Fortunately fire extinguishers were at hand at the plant and the fire was put out before the fire department arrived.

SAW THE COUNTRY

Mr. and Mrs. George Ward have returned from an automobile trip extending as far east as Utah. From there they swung south and viewed the grand canyon and Boulder dam and on their way home visited Yosemite Valley.

SUSPEND BUSINESS

All business in Ukiah will be suspended Armistice Day. It is particularly desirous the day be properly observed this year all over the United States.

FUNERAL FOR AGED PIONEER

W. S. Van Dyke Dead At 83 Years After Useful Life

The Angel of Death summoned another of our oldest and most respected citizens Thursday night. William S. Van Dyke, 83, died at his home following a short illness but he had been gradually failing several years and, as the end came, the inevitable was expected.

Came From Iowa 64 Years Ago.

Born in Iowa, June 10, 1856, Mr. Van Dyke came to California when he was 19 years of age and on August 6, 1879, he married Miss Emma Hall at a ceremony which was solemnized at the residence of the bride's parents in Coyote Valley at what was then known as Cleveland's mill. It so happened Mrs. Van Dyke was born in the home in which she married, for her parents were pioneer settlers of Mendocino county.

Aided County Growth.

Shortly after their marriage Mr. and Mrs. Van Dyke moved to the Round Valley section, where some of the bride's relatives were engaged in stock raising and ranching and Mr. Van Dyke followed that occupation a number of years. About 40 years ago Mr. Van Dyke and Ed. Gibson formed a partnership and engaged in the business of buying and selling livestock. They brought this livestock to Ukiah on the hoof for shipment to San Francisco, and the hardships they underwent during the cold winter months probably shortened their lives. This partnership was dissolved by mutual consent when Mr. Van Dyke was elected county tax collector in 1906 and he moved to Ukiah. He served in that capacity eight years and was then elected county assessor, which office he held another eight years. Following this he was deputy county tax collector a number of years and then engaged in the real estate business, which occupation he followed until he retired three years ago.

Happy Marriage.

Mr. and Mrs. Van Dyke were an ideal couple and during their 60 years of married life are said to never have had a serious quarrel and even up to the end they acted very much like a young couple during their honeymoon. On August 6 they celebrated their sixtieth wedding anniversary and all their children and grandchildren were in attendance. Both Mr. and Mrs. Van Dyke have been active in church work during all of their married life and for many years he sang in church choirs. After their children were nearly grown, while at Covelo, they had enough musicians in the family to form a band, with the assistance of a few outsiders.

Active In Lodge Work.

Mr. Van Dyke joined the Masons shortly after going to Covelo and was Master of Covelo Lodge several terms. A few years ago he received the Fifty Years Masonic button in Abel Lodge. In 1917 a unique Masonic service took place in Abel Lodge for Mr. Van Dyke acted as Master and his son Will Van Dyke as Senior Warden and conferred the first degree on Claude Van Dyke, another son. He was a Past Priest of the Royal Arch Masons and a member of the O. E. S.

The Survivors.

Deceased is survived by his widow and seven children, four boys and three girls, all living, besides a number of grandchildren. The children are Will Van Dyke, Jr., justice of the peace for Ukiah township; Mrs. Emma Miller, San Jose; Mrs. Ethel Ray, Fresno; Claude Van Dyke, Stockton; Volney and Ben Van Dyke, Sacramento; Mrs. Margaret Byrnes, Ukiah. Miss Sarah Van Dyke, a sister, celebrated her one hundredth birthday at Sacramento a few weeks ago.

Last Sad Rites.

The funeral services were held at the Eversole Mortuary, Saturday morning, Rev. Mark Pike officiating. Pallbearers were County Treasurer D. C. Smith, County Auditor Paul Mathews, County Clerk Harry M. Burke, C. M. Mannon, George Anderson and E. M. Ford. Interment was in the Ukiah cemetery.

SO THE PEOPLE MAY KNOW

THE PASS KEY!

(WHAT THE STATE BOARD OF PRISON DIRECTORS IS OPPOSING)

This is the Answer of The State Prison Board to the John Gee Clark charges:

To His Excellency, the Governor of California:

On October 22, 1939, charges were filed against us by your Director of Penology.

Without needless repetition the base of the charges is that, as Prison Directors, we either authorized or tolerated brutal treatment of the prisoners.

The charges are untrue.

Laying aside the fact, which is possibly unknown to you, that this Board never authorized other than humane treatment of prisoners, and the further fact that at least one member of the Board was not in the United States when the alleged brutalities occurred, we desire to meet the issue squarely.

These charges involving the same facts were thoroughly investigated by a Committee intimately associated with your administration. That Committee was composed of Honorable Ellis E. Patterson, Lieutenant Governor of California, George G. Kidwell, Director of Industrial Relations, and Senator F. L. Gordon. The Committee made an investigation of the prison at the direct request of your Excellency.

It investigated all these charges, interviewed the prisoners involved, in secret session uninfluenced by guards or others, and reported to you that the charges were without foundation and were baseless. Furthermore, given complete freedom of the prison by Warden Court Smith, they made an exhaustive investigation of all conditions and found these sensational tales to be untrue.

The facts are, a riot and food strike had been set in motion by a half hundred desperate criminals who defied the guards and violently threatened open battle for control of the prison.

The issue was clear; was the prison to be run by the Warden or by the prisoners? The circumstances required immediate and unequivocal action by the prison authorities in order to maintain discipline. Such action was taken.

Immediately thereafter the Prison Board thoroughly investigated these same facts and reported its findings to your Excellency.

The need for more expert preparation and handling of food was called to your attention and the Department of Finance, at your order furnished us the funds and changes in this department were instituted immediately by this Board.

The convicts had trials before the Board and were punished. The rebellious convicts, answering formal charges, numbered forty-three. Of these twenty-six pleaded guilty, while seventeen were found guilty and punished according to law by the loss of credits and otherwise and not by any corporal punishment. A large majority confessed their violent acts and admitted the discipline they received during the riot was deserved.

All of these facts were thereafter reported to your Excellency by your own Committee of Investigation.

These same facts were brought to the attention of the District Attorney of Marin County, the proper legal official having jurisdiction, and his judgment was that the conduct of the prison authorities was justified.

And now, months later, notwithstanding these findings, your Director of Penology has invaded San Quentin Prison and encouraged the most desperate criminals to revive these tales, and he has now filed charges against us seeking our removal.

After this long lapse of time, the revival of these discarded charges, refuted even by the prisoners themselves, seems, to us, to be for the deliberate purpose of forcing our resignations in order to obtain political control of the prisons of California.

We are made to understand that we must resign or be removed, although we have never been formally asked to resign by your Excellency.

We choose to be removed rather than resign under such circumstances.

We refuse to be intimidated by a group of unruly prisoners into surrendering unto them the discipline of San Quentin Prison.

We will not be parties to converting San Quentin Prison from

(Turn to Page 2)

LIONS MAGIC SHOW COMING

Tuesday Evening To Bring Wonders To High Auditorium

THE CORRECT DATE

The Birch Benefit Show by The Lions Club is Tuesday, Nov. 14. On page 7 of this issue an ad appears stating the performance will be Tuesday, Nov. 4. This is an error and the correct date is Tuesday, Nov. 14, as indicated in an ad in the first section of this paper.

Lions will present Birch, Master Magician, at the high school auditorium Tuesday evening next in an amazing series of sleight-of-hand acts and other mystery wonders. The date of this show is November 14.

Calls On Kids To Help.

Children are always made welcome at the Birch show. The magician likes to work with them, and frequently calls them to the stage. "I like to play to adults, of course, for they can really appreciate the beauty and wonder of my illusions, but it is really much more fun to work with the kiddies. Their naive enthusiasm and the pure enjoyment which they get from the show is something infinitely precious to me," declares The Wizard.

Marimba Music Also.

Not only will Mr. Birch perform the most sensational feats of magic ever presented on a local platform, but he brings a program varied with pleasing novelties. Miss Mabel Sperry, musical artist extraordinary, will play a musical interlude on her specially built marimba at the evening performance.

Escaped Lightly In Auto Accident

Though the car which overturned with Al Simmons and Jay Lee Smith, of Redwood Valley, was badly damaged in an accident Tuesday last, the occupants count themselves lucky. Mr. Simmons escaped without mishap and Mr. Smith was knocked unconscious several seconds, and is recovering from no greater injury than a slightly strained hip. The two were returning from a fishing trip on Eel river and failed to negotiate a sharp turn on the Potter Valley road when the accident occurred. Les Rios, here in town Saturday, local attorney.

W. B. CANNON TRANSFERRED

W. B. Cannon, manager of the J. C. Penney store here, left yesterday for Turlock, to which city he has been transferred as Manager of the J. C. Penney store. The transfer is a decided promotion. Mr. and Mrs. Cannon own one of the finest homes in the city. The departing manager was popular here and his leaving is regretted.

BIG BUILDING NOW NEARING HALF - FINISH

Fine Weather Helps Contractors In A Hospital Unit

COVERS A CITY BLOCK

Low Style Structure Has A Full Porch Connection

Splendid progress is being made on the new construction projects at the State Hospital, Talmage. The new unit is located a short distance south of the administration building and occupies an area equal in size to one of our city blocks. All of the buildings are one story and will be of the most permanent type of construction for they have reinforced concrete walls and will have steel beams to support floors and roof.

Are Porch Connected.

The concrete walls are almost completed and if this good weather continues the balance of the walls will be poured in another month for the forms are almost ready. The buildings are a short distance apart and will be connected with a large and wide overhanging porch for use during the rainy season. The large court in the center will be planted with trees, shrubs and grass and in the course of time should be a most attractive spot.

For Aged Women.

This new unit is for elderly female inmates and can accommodate 300 of them without crowding. It is reported the new unit will be surrounded on the outside by a regulation riot fence.

Barn For Dairy Cows.

A new barn is being built to take care of the dairy herd, as the present quarters are crowded and these aristocratic Holsteins are given the very best of care. This herd now holds the state record for quantity of milk and butterfat and after each milking, which is three times a day, the milk from each cow is weighed and tested and a careful record is kept for future reference.

Few Like This.

The new barn will be 115 feet in length and 72 feet wide and has a reinforced concrete foundation and pillars for supports. The plans for this barn were prepared by state architects in Sacramento and are the last word for the comfort and care of bossy.

Willits Man Heads Annual Committee

Mayor W. F. Whitney, of Willits, has been appointed county chairman of the President's birthday celebration. This has become an annual affair and balls are held in all of the larger communities and the net proceeds are divided evenly between the national infantile paralysis fund and local charities. Several hospitals in San Francisco now have staffs working on plans to curb this scourge and the money that is not used locally goes to them for that purpose. The plans call for balls to be held on that date at Ukiah, Fort Bragg and Willits, further mention of which will be made.

TELLS FOOD VALUES

This afternoon at two o'clock Miss Dorothy Spurling will demonstrate procedure in cooking foods as a means of giving instruction in nutrition to school mothers, at Saturday Afternoon Clubhouse.

BROKE HER FINGERS

While at the Exposition closing day Mrs. A. H. Sampson was bumped into by a hurrying pedestrian and fell on the concrete, suffering two broken fingers on her right hand.

Mr. and Mrs. Paul Anderson, of Dos Rios, were in town Saturday, local cemetery.

LUKE R. YATES CALLED WHILE IN THE NORTH

A Round Valley Old-Timer Dies In Alturas

AT BROTHER'S SIDE

Sudden End Came As Victim Nursed Relative

Special Correspondence of The Press

TWO DEATHS SATURDAY

Word came from Alturas Saturday morning of the sudden and unexpected death of Luke R. Yates. Mr. Yates had been with an invalid brother more than two months and was planning to return home prior to the holidays. No details of arrangements have been made public at this time.

Chas. Barkdoll passed away Saturday morning at the family home here.

COVELO, Nov. 7.—Friday, Senator and Mrs. G. M. Biggar and the writer took the day for a trip via Laytonville to Camp Farley In fact we drove within about seven miles of Dos Rios—over the very finest of highway. Many have traveled Biggar highway, south of Farley, but this new construction—20 feet above the old road which was washed away in high water two years ago—is something to talk about. The best of grading, smooth and wide, greets you—you just drive merrily on. The Bloody Run bridge is complete, except for paint and the long, white, concrete and steel box-type bridge at the mouth of Outlet creek determines this is a real highway. We drove to where solid rock cliffs are being worked. Foreman Olson, of Willits, and crew have been diligently working in this rock for three months and Mr. Olson commented he "had not had a single accident." They have moved 11,800 yards of rock. From the road bed to the tip-top of this rock cliff is 120 feet, with a 325-foot face, a spectacular sight. Supervisor Duane Bittenbender met Senator Biggar at Longvale, later joining Surveyor Ed Smith and Engineer Phelps. The quartet walked over the unfinished work to Dos Rios. On this end construction is going ahead with Foreman B. O. Barnes in charge of the Covelo

(Turn to page 6)

DEATH CLAIMS WM. E. OWSLEY

Well Known Rancher Taken After Short Illness

Following several weeks illness, William E. Owsley passed away early Monday afternoon in a San Francisco hospital. Until recently Mr. Owsley appeared to be in excellent health and when, after a brief illness, an operation was found necessary, he went to San Francisco and there seemed to rally satisfactorily for a while after undergoing the surgical ordeal. His wife remained constantly with him and a week ago, when his condition became more serious, his sister, Mrs. Fannie White, went to be with him and was there until the end. Olaf Morby, Mrs. White's son-in-law, and A. F. Moulton, were also in the bay city when death came.

Left To Mourn.

Deceased has many years been foreman at the A. F. Moulton ranch at Largo, and leaves a wide circle of friends in the county to mourn his passing. He was the beloved husband of Mrs. Margaret Owsley, a brother of Mrs. Fannie White and Harry Owsley, step-son of James W. Ricker, and cousin of Mrs. Charles L. Crawford, Mrs. Lulu Brown and John Tindall, all of this valley, and an uncle of William O. White, of Fresno.

Funeral Today.

Last rites will be held this afternoon at two o'clock from Eversole Mortuary. Pallbearers will be Harold Holliday, A. J. Chalfant, Wayne Crawford, Ernest Ruddick, Bud Beattie and A. F. Moulton. Interment will be in the Ukiah cemetery.

WE CANNOT UNDERSTAND

DOWN THROUGH THE YEARS in the cow counties of northern California The San Francisco Chronicle, until the recent past, had been relied upon as the Republican newspaper certain to defend Republicanism in California and the nation. However, since the advent of Roosevelt successes The Chronicle has not been adamant, as in other years. The stand-up characteristics reflected by The Chronicle in the days of Mike De Young have waned—

Today they are gone.

We people, who love Americanism, do not appreciate letters written by the managing editor of The Chronicle to the alien Communist, Harry Bridges, in which the anti-American radical is addressed "Dear Harry," and given top position in The Chronicle.

People in the cow counties who for years have been readers of The Chronicle observe, with disgust, the increasing tendency of The Chronicle to side-step and play to the "pinks" who have "gone left."

Californians, of the loyal American type, cannot conceive how it is possible for the gifted Chester Rowell, whose clear-thinking is admired by the public, is able to write the articles he does in what The Chronicle has degenerated into—a newspaper house of assignation.

One of the most reprehensible flip-flops of journalism is today being carried out by The Chronicle in its vicious tirades on the State Prison board, a Republican body, now under attack by Communists, who seek to close the San Quentin jute mill and force release of the Alameda county ship murderers. The Chronicle has allowed the unspeakable Harry Lerner, one of its reporters, to become the hand-maiden of the Communists to, exclusively, handle its besmirching propaganda directed at the Prison Board and which is appearing regularly in The Chronicle. The Communistic cabal barred all of the other newspapers from its "probes," except The Chronicle,—The Chronicle alone had its representative in the room where the plot to crucify The Republican Prison Board members was builded up—The News, The Call-Bulletin and The Examiner were denied admittance — and The Chronicle for weeks has smelled of the slime its understrapper has shoveled over this body of decent, up-standing Republicans who had the courage to refuse to turn over the prisons of California to a political wart-hog.

The Examiner, The Call-Bulletin, The Daily News, The Sacramento Bee, The Sacramento Union, The Stockton Record, The Los Angeles Times, The Oakland Tribune, The Fresno Times, The Bakersfield Californian, and scores of other Republican, Democratic and Independent papers have given the Prison Board fair treatment—

The only large newspaper that has villified the Republican Prison Board, when under vicious and unjustified fire by Communists, is The San Francisco Chronicle — (The one newspaper in northern California the Republicans felt should stand up)—has run out on its party.

The rank and file of Republicans and the decent citizens in northern California resent the betrayal of the Republican party and decency by The Chronicle.

They do not understand what is behind it.

They want to know—

and they are asking "Uncle George" T. Cameron to tell them what is actuating the course of The Chronicle?

"THE BLACK SPOT"

(Editorial in The Lindsay News)

THE MORE WE SEE OF POLITICS the more we are disgusted with the human race. It seems that, when it comes to politics, many men have neither character, principle nor religion. They will violate everything good and virtuous and flounder in filth to their necks to gain some political advantage. They will lie and defraud and cheat to win a political victory.

We don't say all men in politics are like that. Of course, they are not, but a lot of them are.

To our way of thinking, that little deal going on up at San Quentin prison is a dirty political upset.

Some time ago the writer had an opportunity to visit this famous prison and he asked to go up to the top floor to the death cells, the solitary confinement quarters, the execution room and the lethal gas chamber.

Particularly noticeable were the black spots, 22 inches in diameter, in the alleyway in front of the solitary confinement cells. Here is where so much of the trouble is being caused at the present time. In the first place, a prison is no kindergarten. Hardened criminals, desperate men, self-centered egotists, defy the law at every point. They are rebellious, they deny the right of any man or men to discipline them in any way. These men care nothing for discipline nor law nor right. That's why they're there.

Now these black spots, 22 inches in diameter, have one purpose only and that is one of discipline. The man placed thereon is charged with insubordination and defiance of law. He is placed upon the spot to remain there until he is willing to abide by the rules and regulations of the prison.

No hand will touch him so long as he is obedient. But when he leaves that spot without permission guards put him back and continue to put him back until he changes his attitude.

To use this method is far more humane than being placed in solitary confinement. The men can go to their cells for a full night's rest and with sufficient food to eat.

It is a matter of subjecting their stubborn wills to law and order. The black spot idea to us is a very fine thing and no man needs to suffer therefrom if he is at all law abiding.

And, by the way let us say, that Warden Court Smith is doing a great job there. He is a humanitarian, kindly and considerate of the men, and we doubt if there is a man in all the west who could more ably fill that most difficult of all positions in this commonwealth.

SO THE PEOPLE MAY KNOW

(Carried from Page 1)

one of the great reformatories of the nation into a political trading post.

While the Director of Penology's intentions seem clear, it is regrettable he should have resorted to the most puerile, reprehensible and unprincipaled expedients to justify them.

Not only has he spent the days since filing his charges in intimate association with a clique of rebellious prisoners, but he has even cast a slur on the distinguished surgeons who performed an autopsy on a deceased prisoner by having a second post-mortem by his chosen physician in a vain effort to intimate the prisoner was a victim of foul play. And all the while, instead of co-operating with this Board, maintained liaison with the reporter of a favored newspaper in an effort to disparage the members of this Board by distorting the facts.

We have thus been subjected to a process of character assassination rather than impartial investigation. We deplore such conduct in this situation where vital issues involving the public welfare are involved.

The whole effect of these proceedings on prison discipline has already become apparent. Certain gang leaders within the walls are already celebrating their coming victory over rules and discipline. They are preparing for further defiances and even for murder. This latter fact has been brought to our attention by evidence that a plot to murder the Warden has been developing inside the prison yard.

If, as a result of this trial, a new Warden is appointed, he will inherit a situation where he must fight for the mastery of the prison or surrender to the convicts.

Of one thing the people of California may be assured. The prisons of this state under our direction have been managed as reformatories beyond the influence of politics. If it be true, as has been communicated to us, that freedom from political domination is to be abandoned and the welfare of the condemned is to be made the pawn of hungry political partisans, we shall refuse to have any part in such debauchery. Others than ourselves must assume the responsibility for the degradation and abasement that will inevitably follow.

The moral conditions in the California prisons, many of which were shocking to all sense of decency, have by our efforts been raised to a high standard. Drastic reforms have been put into effect, and until interrupted by these charges were being expanded throughout the prison system.

In our reports filed with the Governor we have proposed a clear plan for the development of the prison system of this state with classification and segregation of prisoners, rehabilitation of criminals and the establishment of prison farms. We have sought and taken the advice of the most distinguished penologists in the country.

If our efforts along these lines are to be ignored and the Director of Penology proposes to follow the dictation of notorious criminals in prison management and administration, we shall at least be relieved from the responsibility of the tragedy.

Whether this Board remains or departs means little or nothing so far as the present controversy is concerned. The issue is far larger than ourselves.

The people of California understand that issue. They are entitled to a full and complete revelation of the facts. This Board, conscious of its duties and responsibilities, will insist on only that kind of investigation. We refuse to take part in any farcical proceeding apparently inspired by the Director of Penology in an effort to mask a political assault on the prison system of California.

We are willing to co-operate to the fullest extent with your Excellency in a fair, impartial and thorough hearing of all matters pertaining to the management and operation of the state prisons.

Furthermore, we are willing to carry out any proper suggestions as to prison management, operation, and personnel and to co-operate fully with your administration along any sound and constructive lines that may be proposed.

However, we will not be parties to the dismissal of Warden Court Smith in order to appease the howling demands of a small coterie of unregenerate criminals who seek to terrorize the prison.

And we will not be parties to a plan which will not only shatter the morale of every reformatory in California, but will undermine the discipline of every prison in the United States.

The power of removal is in the hands of your Excellency. We will do nothing to stay your hand, but as a constitutional Board created in such manner as to be presumably forever above and out of the reach of politicians, we deem it a dereliction of duty to resign under what appears to be political pressure.

Therefore we will not resign.

These criticisms are not directed at your Excellency the Governor of this State. We respect your position and refuse to believe that the unfair procedure followed by your Director of Penology either has your sanction or was done with your approval.

With respect to this hearing, we confidently expect and anticipate at your hands a complete, fair and impartial hearing with full opportunity given the members of this Board to answer in detail all charges made.

Therefore, in anticipation of such hearing, we now answer the charges which have been filed by your Director of Penology;

We deny the charges specifically.

We deny that we have ever countenanced or tolerated brutality in San Quentin, or any state prison.

We deny that we have ever either instructed or countenanced unusual punishment.

And in this behalf, we assert that no punishment of which we have knowledge or had opportunity for knowledge has been inflicted by the guards except what was absolutely essential to maintain the necessary prison discipline to prevent violence and bloodshed or disorder.

VETERANS URGE FULL SUPPORT

Americanism Should Be Reflected Armistice Day Here

Echoes of Armistice Day will ring Saturday evening when the annual Armistice Ball is held at Veterans Memorial hall with the American Legion and Veterans of Foreign Wars as sponsors, and all veterans, whether organization members or not, and every public spirited citizen are asked to join in the gala celebration. Red, white and blue will predominate as decoration theme to stir the hearts of true Americans. Music will be by the Californians.

A Gala Event.

Novelty features such as overseas caps will hint at former days when American troops helped win the war "over there" and the world was ecstatically happy at the declaration of the Armistice. Commander J. C. Roberts of the American Legion is general chairman, while Dick Andrews and his committee will take care of decorations. V. F. W. committee members are Commander Guss Wallach, L. L. Whitmore, Al Tatman and Jack Mason. The Auxiliary of Lewis White Post No. 76, of which Mrs. Minnie Sweeney is president, will be in charge of the refreshment department.

Let All Lend Support.

Armistice Day will have manyfold significance this year, and it is a time when our president has asked we pause to consider sincerely its real meaning. It is fitting all in the community celebrate with veterans of the World War the Armistice they made possible at as early a date as November 11, 1918. Such an opportunity will be given Saturday evening when the grand annual ball is held at Veterans Memorial hall.

CONVALESCING NICELY

Mrs. Veda Collier and son, Gerald, of Willits, were here Saturday afternoon visiting friends. This was about the third time Mrs. Collier had left her house in some six weeks as she has just recovered from a severe attack of pneumonia.

IS RECOVERING

Albert Valentini, who has been seriously ill with lockjaw is reported improving by his physician Dr. L. K. Van Allen.

A. E. Stanert and Lee Roberts were down from Willits last week in the interest of the Armistice Day meeting they will hold in that city Saturday afternoon.

Sidelights of Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is the chairman of State Board of Prisons of California.

WHAT A PRISON WILL DO TO A MAN

When I knew him before he had his trouble he was one of the best dressers in his community. I rarely saw him on the street without a bud or flower in the buttonhole of his coat. His way of living was patterned after those who are well-off financially and, instead of moving picture shows he patronized the opera. I recall he always had two automobiles and they were of the top bracket type. He probably was the best patron of the bootblack stand in town and his barber was not at all loath to tell he was the most liberal tipper that came into his shop. One rarely saw him wear the same suit of clothes more than one day a week and he was strong for tone dressing — his shoes, socks, ties, shirt and hat all were ordered with an idea of blending with his clothes. Expensive cigars were the only ones he smoked and, during prohibition days the big bootlegger from the city was often in town to make deliveries after dark at his home. I do not know how many of them he read, but on the shelves of his den in his residence were rows of the tomes with rich bindings only the ultra-educated and rich tolerate. He usually wore gloves, too, and that, in a small town served to entrench him more thoroughly in a class by himself. Far from where he lived he had a country place and, when he traveled, he usually was a patron of the planes and he saw to it his reservations were made by telegraph. He deigned to patronize the country printer, insisting the stationery he used be heavy bond paper and engraved. Anything that had a taint of the commonplace appeared to be distasteful to him and he was not averse to showing it.

He got in trouble and was sent to prison and I saw him, as an inmate, many times while serving his sentence. As I observed him, at different intervals, I was dumbfounded to see the change that was coming over him.

He had become a different man.

At the conclusion of his prison term he went to a remote city to begin life anew. Not so very long ago I happened to be in the town he was in and, quite by accident, I met him.

His transformation had been complete.

He was unshaven. The clothes he wore were ill-fitting, his hair was scraggy. I saw he was wearing a soiled shirt and his necktie was not in keeping with the balance of his raiment he seemed to have picked up in a hit and miss way. All of his esthetic mannerisms had vanished. He did not inquire about old friends. No interest was manifested in what had been his lifework before becoming a convict and, everytime I tried to revert to other and happier days, he shied away from the conversation.

All of that was dead to him.

He reverted, time and again, to prison. He was interested in who had his job, what his cellmate was doing; whether the old convict murderer who had rheumatism was still alive. He wanted to know if the waiters still "shook down" the convicts for tobacco as tribute for serving larger portions of certain foods. I could not get him off prisons. He would not consent to reference to his life with good people. What the future might hold in store for him did not interest him—Only what was happening inside the big gray walls of prison concerned him—that was his day dream.

Nothing else mattered.

I was nonplussed when I left him.

Prisons do strange things to men. This seemed its queerest transformation.

IS DOING NICELY

Rev. Father Raphael Quinn who is at St. Mary's Hospital is recovering satisfactorily from a sickness which, at first, it was thought would necessite an operation, but which he has escaped.

Mr. and Mrs. Ed. Partin and Jim Ford were among the Willits people who were here Saturday.

Don't Sleep When Gas Presses Heart

If you can't eat or sleep because gas bloats you up try Adlerika. One dose usually relieves pressure on heart from stomach gas due to constipation. Adlerika cleans out BOTH bowels. Sold at all drug stores.

Sold At All Drug Stores

County News

Vandal youngsters smeared many residences with decayed fruits and vegetables as part of their Halloween pranks.

An unusual number of black bear are being killed about the county these days.

Acorns are proving a blessing to stock this fall when grass is scarce.

Another modern business block in Ukiah will be started within a few weeks.

Activity is seen in the re-alignment of Redwood Highway between Crawford ranch and Ukiah.

The new State Hospital ward unit at Talmage is progressing satisfactorily.

If you fail to read The Republican Press you will not get all of the news of Mendocino county.

A number of stills are reported operating in the north end of the county and raids there may be expected any time.

Manuel Ward, who broke out of the Mendocino county jail three years ago, escaped from a state penitentiary in Texas last week.

Two bad turns on Hopland mountain are being taken out by State Highway construction crews.

Preliminary work on removal of the old bridge across Russian river has been about completed.

Three Golden Wedding anniversaries were celebrated in Mendocino county last week.

Classified advertising in The Republican Press rarely fails to bring quick, satisfactory results.

General approval is given the supervisors in their effort to dispose of the vacant lot Mendocino county owns on West Perkins street, Ukiah.

The new syphilis law is having the effect of slowing down marriage license applications here, as in other counties of the state.

Virgil F. Tracy, wanted in Mendocino county for auto theft, has been arrested at Green River, Wyoming, and may be returned here.

Dog poisoners have been active in Willits and arrests of guilty parties appear likely.

The $40,000 damage suit brought by Gertrude Steving, whose husband's death was occasioned when a truck owned by the Consoolidated Fish Co. struck his car north of Ukiah, is on in superior court.

Seventy-five trees were burned on an Anderson Valley ranch last summer and Thos. J. and Earl Clark are being sued for starting the fire.

Redwood Valley put on a successful benefit dance Saturday night for its community fire department.

Some 80 permits for controlled burnings about the county have been filed to date.

Willits is to have a modern dog kennel and Pomeranians will be raised there.

The night passenger train to Eureka ran over a black cat—Its only injury was its tail was cut off.

Mrs. L. K. Van Allen Breaks Right Arm

Mrs. L. K. Van Allen met with a serious and painful accident last week when she fell and broke her right arm at the wrist. She started to open the screen door on the back porch which swung so sharply that it caused her to fall with the above result. Dr. H. O. Cleland was called and placed the injured arm in a cast while Dr. Van Allen administered the anaesthetic. Yesterday Dr. and Mrs. Van Allen left for San Jose where they will visit Dr. and Mrs. J. E. Powers. Mrs. Powers will be remembered as Ruth Van Allen. A few days previous to the accident Dr. and Mrs. Powers were here for a short visit.

WILLITSITES HERE

Some of the Willits people noticed on the streets Monday were Mrs. Della Merrow and Mrs. John Merrow, Mr. and Mrs. Emil Kaufman, Mr. and Mrs. Ken Wonacott and Leland Cureton.

CARD OF THANKS

We wish to express our appreciation and gratitude to the Ukiah Fire Department and to members of the community who aided in saving our entire stock from fire recently.

Kraft Phenix Cheese Corp.
M. Nyby, Manager.

Cold Weather Now Prevailing Nearby

Mrs. Will Van Bebber and Mrs. Elvin Houx were here from Willits, Monday, and report cold nights there. Sunday morning the thermometer registered 22 degrees and broke some of the water pipes. There was a half inch of ice on a water trough for chickens in the family back yard.

DAUGHTER BORN THURSDAY

Mr. and Mrs. Barney Johnston are the happy parents of a daughter born at their Hopland home Thursday. The newcomer is named Merry Lynn and weighed six and a half pounds. Dr. L. K. Van Allen is the attending physician.

Mrs. T. M. Cleland enjoyed a visit from her grandson, Robert Lewek of San Francisco, when he arrived Friday evening to stay through the weekend.

Miss Della Crimonini, popular coast teacher who lives at Manchester, is at home after having been sick in a Marin county hospital more than seven months.

SICK IN HOSPITAL

Mrs. Mabel Stearns, who has been very ill with pneumonia in Ukiah General Hospital, is reported on the road to recovery.

That Nagging Backache
May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.
You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
Try *Doan's Pills*. *Doan's* help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere.
Ask your neighbor!

ARMISTICE DAY AT WILLITS TO BE OBSERVED

Several Organizations Seek To Stimulate Patriotism

'AMERICANISM' THEME

North Coast Counties To Send Delegations To Big Affair

Carried from page 1

Commission had accepted the bid of $6000 which the supervisors had offered for their building at Willits. Some papers had to be signed and the board of supervisors will probably consummate the deal at their meeting next week. Blue prints for remodeling the building have been prepared by Architect C. A. Caulkins, of Santa Rosa, and these will also have to be acted on by the supervisors. Following this bids will be called for and work on the building will probably start about the first of the year.

Drunken Driving.

George Tochilin was sentenced to 30 days in the county jail by Judge A. M. Sacry. He was accompanied by Clarence Martin and Bodie Hurt who were charged with being intoxicated. Mr. Martin was fined $20 and Mr. Hurt $10, as both have been arrested before on the same charge.

Cutting Brush.

Brush bordering Mill creek on the north side of Commercial street bridge has been cut for a distance of several hundred feet. This brush obstructed the free flow of the creek water during freshets and one object is to protect the city outfall plant which is some distance below the bridge.

ENJOYED EXPOSITION

Mrs. Mea Burkheim has returned from a trip to San Francisco where she visited friends several days and saw many of the attractions at the Fair during the closing week.

Given Two Showers.

Miss Margaret Bauer, who was married to Allen Judson, of San Francisco, Sunday, was given two showers last week. Miss June Case was the hostess of one party and Mrs. Wade of the other. There was a large gathering at both parties and the bride received many pretty and useful gifts.

Wed In The Park.

Miss Bauer and Allan Judson were married in the Pavilion at Quadrio Park, Rev. A. Z. Bose officiating. Mrs. Alice Wade was matron of honor and Norman Judson, brother of the groom, best man. Quite a delegation came up from the Bay region to attend the ceremony. Following the banquet and reception the happy couple left on their honeymoon trip which will extend as far east as Detroit where they will take delivery of a new car and then visit other points of interest on their way home which will be in San Francisco.

"Didn't Know It Was Loaded."

Buck West, prominent Laytonville businessman, was demonstrating the mechanism of a 22-caliber pistol to a friend when the darn thing went off and the bullet struck him near the left knee but only caused a painful flesh wound. He was brought to the hospital and is now hobbling around on crutches.

Enlist In Air Corps.

Farris Whitney, son of Mayor and Mrs. W. F. Whitney, Ira Branch of Laytonville and Robert Davison of Longvale have enlisted in the Air Corps of the the U. S. Army and are now receiving training at Hamilton Field.

Surprise Birthday Party.

John Quinliven, aged 70, and his grandson, Jack Casey, aged 15, were given a surprise birthday party at the home of Mr. and Mrs. E. J. McWaters, Monday, in honor of the event. A sumptuous feast had been prepared and a large gathering of relatives and friends were there to extend congratulations.

Building Keeps A Healthy Up-Trend

Building has taken a steady forge ahead during the years 1937-1938 in Ukiah, according to the building permits. In 1937 there were six business structures erected, five remodeled; 27 residential permits were issued. On the business construction $88,848 was expended, while $64,661 was the outlay for homes. In 1938 six business places were built at a cost of $32,565 and $112,886 went into new homes.

Dog Poisoner At Large.

Three house dogs were killed by poison meat which had been thrown to them by some degenerate. The fourth dog, in addition to being given poison food, was shot but, strange to relate, survived and is now on the way to recovery. The dogs that died belonged to C. G. Elliott, Adolph Gunderson and W. F. Marvin and were not only faithful watch dogs but the pets and companions of the children of the families. The dog that was poisoned and then shot to put him out of his misery belonged to Alvin Burns. This dog, named "Chan," was writhing in misery and Mrs. Burns gave the officers permission to shoot him to end his sufferings. This was done and two bullets entered his head and still he refused to die and he was then hauled off to die. Some time later the dog's master, Alvin Burns, when he returned from the theatre, could not resist the temptation of taking a last look at his pal and "Chan" recognized him and wagged his tail in the usual affectionate manner. Mr. Burns put the dog in his car and hauled him home and gave him all the care and attention any living creature could desire and now "Chan" is responding to loving kindness and will undoubtedly recover.

WENT TO CITY

Miss Esther Redwine and her houseguest Mrs. Alice Cox of Battle Creek, Michigan, motored to San Francisco Thursday and returned Friday evening.

Seeking The Culprit.

Poundmaster Homer Cake and the local police are looking for the guilty person. It is now thought ant poison was placed in the meat.

Fined For Drunk Driving.

Joe Lucas, Laytonville Indian, was fined $60 last week for drunken driving, by Judge Sacry. He was accompanied by Fox Burns, another Indian, and the latter was fined $10 for being drunk on the highway. Chief Jake Thom and Officer Jack Blackwell made the arrests.

Another Ranch Sold.

Earl Rucker has purchased what is known as the old Utter place and will make it the headquarters for his dairy business. The ranch contains 152 acres of some of the best land in the valley and is perfectly adapted for the purpose intended. The ranch belonged to the North Bay Farms Co. and Harvey Reynolds and Mayor W. F. Whitney made the sale. Mr. Rucker intends to make some extensive improvements for the present buildings are among the oldest in the valley and out-of-date. Mr. Rucker owns a fine hill ranch and the two places will work very well together.

Granted Permission.

The city council passed a resolution asking the supervisors to allow the city the use of county equipment for beautifying the park. The supervisors had a special meeting last week and the request was granted and the work will start immediately.

Caught Runaway Boy.

Donald Yendel, 15, of Eureka, was taken in custody Wednesday night by Chief Jake Thom and Officer Jack Blackwell under instructions from the authorities of Eureka. The boy ran away from the detention home and escaped by snatching the keys of an attendant. He had walked and ridden the rails this far and had set out to see the wide, wide world.

Had Major Operation.

Mrs. Henry Haehl underwent a major operation at Santa Rosa last week and the latest reports state she has passed the crisis and is on the way to recovery.

Called To Minnesota.

Mrs. Oliver Olson was called to her old home at Mankato, Minnesota, by the sad news that her mother was dangerously ill. Mrs. Olson does not know how long she will remain but expects to stay for several months.

Sewer Outfall Plant.

A few weeks ago complaint was made about the new $40,000 sewer outfall plant not working satisfactorily. Engineer Harry Jenks, of Palo Alto, who drew the plans and supervised the work, has made a thorough inspection and had a few minor corrections attended to. He says the plant can service a city twice this size and that is one reason the plant slowed down. He recommends more territory being added to the plant to correct this error. He also says it takes some months for the culture of microbes to get a good start for they are what nature uses to break down the solid matter.

Got Many Dog Licenses.

A few days ago a lady made application for 45 dog licenses. This is the record for this section by more than 40 and when Judge Sacry heard this request he almost collapsed from nervous shock. It was true, however, and Mildred Ring, who has started a dog farm on the Blosser ranch where she has her kennels, was in earnest. She raises dogs to sell and came here recently from Lake county to be near the Redwood highway. She specializes in Pomeranians, miniature sheep dogs, wire haired fox terriers and several other breeds. If you want any of these kinds of canines you now know where to get one.

Howard Memorial Hospital.

Whole weeks are now being set aside for various purposes—and last week was "Baby Week" at the hospital. A baby girl was born to Mr. and Mrs. Melvin McDonald of Marysville, a baby grl was born to Mr. and Mrs. Edmond Hayes,a baby boy was born to Mr. and Mrs. Edward Carver; a baby girl was born to Mr. and Mrs. Ben Elliott. The girls predominate and that's one sign we are not going to get into the war, according to the zodiac or something.

Mrs. R. C. Walling came up from San Francisco last week for a visit with her mother, Mrs. Bello, and grandmother, Mrs. Allue, who has been dangerously ill several months.

Lee Roberts and family have moved back from Santa Rosa where they have been living for the past two years.

Mr. and Mrs. Charles Persico came up from San Pedro last week for a short visit with relatives.

Will Clow has been appointed assistant secretary for the Ukiah Production Credit Association. He spends lots of his time traveling over most of Mendocino and Lake counties and his family will remain here some months and probably permanently.

WALLACE BEERY STARS AT THE STATE IN "THUNDER AFLOAT"

Wallace Beery in a scene from "Thunder Afloat"

Thrilling study of those little-known days of the World War when U-boats attacked Atlantic coast shipping and improvised sub-chasers with untrained men went out to meet the menace, "Thunder Afloat" brings Wallace Beery to the screen of The State Theatre Sunday and Monday in one of his best two-fisted roles.

A Fine Trio.

As a tugboat captain who tries to fight the war single-handed after a submarine has sunk his beloved craft, Wallace Beery is supported by Chester Morris, who appears as his bitter tugboat rival and later his commanding officer in the navy, and by Virginia Grey, seen as his daughter.

Scenes Are Thrilling.

Among the thrilling action sequences are scenes showing the raiding and sinking of Beery's tugboat and string of barges by a U-boat, the torpedoing of a lightship, the disabling of a subchaser and Beery's near-death when he goes under water to cut a fouled rudder cable, a U-boat opening fire on and sinking a Gloucester schooner when the schooner tries to ram her, and the crippling of the sub by depth bombs as the sub-chaser fleet closes in.

Mrs. Ed. Hoag, of Redwood Valley, was here Saturday doing some shopping.

LEGION FETES DR. RAPAPORT

Banquet Planned For Wednesday Next By Veterans

Dr. Walter Rapaport, newly appointed medical superintendent of the Mendocino State Hospital, will be honored at a banquet planned by Lewis White Post No. 76, to be held at Veterans Memorial building Wednesday evening. Dr. Rapaport is an active member of the American Legion, has done important work in psychiatry in veterans hospitals, and while at the Napa State Hospital was associated with the unit at Napa.

All Are Welcome.

Commander J. C. Roberts invites all interested to attend. George Evans will be in charge of the dinner, which means it will be an exceptionally good one. Reservations should be phoned at as early a date as possible to Commander Roberts.

Young Rancher Is Called By Death

Fred Waugh passed away Monday evening following a week's illness at the ranch home at Talmage where he was born 27 years years ago. Complications following an attack of quinsy were cause of the untimely death. Member of a well known family of Ukiah valley, deceased lived here all his life. He was the son of Mrs. Anna Waugh and the late Fred H. Waugh who preceded him in death 10 years ago. Deceased leaves a widow, Mrs. Sadie Swim Waugh, two daughters, Janet and Virginia, and three sisters, Mrs. Ethel German, Mrs. Bessie Parker and Mrs. Kathleen Kneeland. The funeral services will be this afternoon at 3:30 p.m., from the Eversole Chapel, Rev. Leonard Brown officiating. Interment will be in the local cemetery.

TAKEN TO BAY HOSPITAL

Al Cyrson, who has been at home the past two weeks suffering a severe heart attack, was taken to Stanford Lane Hospital yesterday afternoon seriously ill.

HE IS AGING

The birthday of pioneer market operator and steckman, Chris Hansen, was celebrated Saturday evening by a family gathering. Mr. Hansen is 85.

Frank Williams and son, Ernest, were down from the Willits section last week attending to some courthouse business.

Mrs. Betty Duncan and daughter, Mrs. Carl Beggs, were down from Willits Thursday.

WILL LISTEN TO "TOWN HALL" TALKS

At Thursday evening's meeting of Business and Professional Women, presided over by Mrs. Ardis Roberts, it was suggested by Miss Laura Kaiser, chairman of international relations committee, members gather at The Palace Hotel at 6:30 o'clock to listen to discussions of world-wide interests broadcast by the "Town Hall" program, during the half hour prior to the regular dinner hour of seven o'clock. It was decided to try out this suggestion at the next meeting of the club, November 16.

A goal of 100 per cent at the polls was stressed by Mrs. Drusia Harris, district legislation chairman. Transportation was arranged for in cases where necessary. It was reported 26 garments were given by the welfare committee, of which Miss Esther Redwine is chairman, where they were much appreciated. A letter from the Veteran at Yountville, "adopted" by the Club, was read.

Letters from officers who attended the recent district conference at Ukiah were read by Secretary Bess Eversole, including those from National Finance Chairman Genevieve Macliver of Sacramento, State President Dana Williams of Ontario, District President Julia Beede of Vallejo, and President Harriett Burroughs of the Santa Rosa Club, the installation unit for Ukiah Club at its recent federation.

Main feature of the program was a talk on the National Youth Administration by Eugene F. Lorton, employment supervisor from the Santa Rosa office, whose account of hope for realization of some of the ambitions of young people today through the program was extremely interesting. Mrs. William Harp played the piano delightfully during the dinner hour. Committee for the evening comprised Mrs. Fannie Tracy, chairman, Miss Violet Elliott, Mrs. Ella Butler and Miss Geraldine Youd.

INTERNATIONAL DINNER

Friday evening Mrs. Ardis Roberts, president of the local Business and Professional Women's Club, Miss Laura Kaiser, chairman of international relations, and Miss Audrey Hollenbeck, a member of her committee, accepted the invitation of the Sebastopol Club to attend its annual "international dinner" which was held at Occidental. Mrs. Carrie Williams, of San Jose, state international relations chairman, was speaker of the evening. Present were 23 members of Santa Rosa Club, as well as several from Napa and Vallejo Clubs, including District President Julia Beede of the latter unit. Ukiah was given an expression of appreciation for the enjoyable district conference held here two weeks earlier, about which all seemed enthusiastic.

GOOSE DINNER

Geese brought back from Tule Lake by Frank Wilson following a recent hunting trip formed the main dish for a wonderful dinner at the Wilson home Tuesday evening of last week. Halloween decorations and yellow chrysanthemums were combined in holiday theme for the festive occasion. Following dinner bingo was played, Mr. and Mrs. Walter Sandelin winning high score awards. Present were Mr. and Mrs. W. A. Thornton, Dr. and Mrs. J. H. Hansen, Mr. and Mrs. A. L. Harris, Mr. and Mrs. Walter Sandelin, and the host and hostess, Mr and Mrs. Frank Wilson.

DISTRICT P. T. A. PLANS

Program for the year with budget to coincide formed the main business of the Twenty-seventh District California Congress of Parents and Teachers executive board, headed by Mrs. J. H. Neblett, when it met Friday afternoon at the home of Mrs. Flora Saxon, Willits. District representatives formulating the program were from Laytonville, Hopland, Willits and Ukiah. The new order will begin Thursday, November 30, at a gathering at Lakeport.

TO HANFORD FOR WINTER

Mrs. H. N. Deering left yesterday for Hanford to be with her daughter, Mrs. J. W. Vermason for the holidays and through the winter. It is Mrs. Deering's custom to pass the mid-winter season at the Vermason home, returning here for the summer and fall.

ELECT MYRTLE RAWLES NEW O. E. S. LEADER

At Monday evening's meeting of Kingsley Chapter Mrs. Myrtle Rawles was elected to succeed Mrs. Katherine Martin as Worthy Matron. Other elective officers chosen were Mervin Perkins, Worthy Patron; Miss Grace Toles, Associate Matron; William Mellis, Associate Patron; Mrs. Bess Eversole, Secretary; Mrs. Gertrude Folsom, Treasurer; Mrs. Hazel Harmon, Conductress; Mrs. Katherine Foster, Associate Conductress. Installation will be December 4 at impressive ceremonies.

Preceding the regular business and election Monday evening, Worthy Matron Katherine Martin complimented her officers at a 6:30 o'clock dinner in the private dining room of The Maple Cafe. Red and white carnations and red tapers were the festive table decoration. Guests included Worthy Patron Harold Brunner; Associate Matron Irene Miller; Associate Patron Linus Miller; Secretary Lella Vevoda; Treasurer Gertrude Folsom; Conductress Myrtle Rawles; Associate Conductress Hazel Harmon; Chaplain Margaret Byrnes; Marshal Edna Neuhaus; Organist Ardis Conoly; Warder Katherine Foster; Sentinel Ruth Anker; Mrs. Hazel Anderson, Ada; Mrs. Ethel German, Ruth; Miss Mae Anderson, Esther; Mrs. Ruby Gobalet, Martha; Mrs. Martha Bittenbender, Electa; Mrs. Iva Mellis, Flag Bearer. Mrs. Bess Eversole, retiring Deputy Grand Matron of this district. Mrs. Ruth Brunner, wife of the Worthy Patron, and H. A. Martin, husband of the hostess, were special guests.

KOSMOS FLOWER PROGRAM

Tomorrow afternoon Kosmos Club will hold its business meeting at 1:30 at the Community Clubhouse, to allow for the two o'clock program on the garden theme. Speakers of the day will be Mrs. F. W. Dorn and Mrs. J. Lyman, both of Kelseyville. Mrs. Dorn, who is a pupil of Rudolph Schaeffer, of San Francisco, teacher of flower arrangement, will demonstrate this lovely art, and Mrs. Lyman, who had charge of the flower show at Vallejo last spring, will also have much of interest to contribute. The affair is planned by Mrs. J. Q. White and her hostess committee, Mrs. Ellen Copsey and Mrs. F. C. Bull

AUXILIARY PLANS BAZAAR

Auxiliary of Lewis White Post 76, American Legion, met Wednesday evening to further discuss the bazaar to be held Saturday, November 18. Mrs. Velma Maney, first vice-president, presided in the absence of Mrs. Minnie Sweeney. Mrs. Jane Isnard is general chairman of the bazaar and Mrs. Ardis Conoly is in charge of the program. There will be tea service during the afternoon and evening supervised by Mrs. Conoly, Mrs. Alice Andrews and Mrs. Prudence Lavilletta.

S. A. C. SPEAKER HONORED

Mrs. James B. Moorhead, guest speaker at Saturday Afternoon Club the end of the week, was complimented prior to the meeting at a luncheon at Vichy Springs, at which Mrs. R. R. Ingels, club president, was hostess. Invited to meet Mrs. Moorhead were Mesdames W. H. Higgins, J. D. Branson, Lon Gibson, R. J. Pearl, P. B. Westerman, J. E. Scott, Jessie Brunner, Ralph Hogan, Austin N. Rawles, George W. Davis and W. D. L. Held, and Miss Jessie Dewell.

CIRCLE C MET

Mrs. Elmer Hopper entertained members of Circle C of the Methodist church Wednesday afternoon last. Mrs. May Beckley read a Christmas poem and Mrs. Elson Paddock, new organist at the church, played several delightful piano solos. Mrs. Hazel Pike and the two ladies presenting the program were special guests. Refreshments followed the regular meeting.

SOPHOMORE PARTY

A football rally atmosphere will prevail Friday evening at the sophomore dance, just prior to the Saturday football game with Analy high of Sebastopol. The committee comprises B. Knudsen, Stella Broggi, Mary Sanford, John Stowe, David Sagehorn, Norman Williamson, Robert Sandkulla, Alice Cooper, Dora Bartolomei and Ed Poitz, with Jacklyn Hogan, Bradford Scott and Bill Broaddus in charge of music.

STATE FEDERATION CHAIRMAN WAS A S. A. C. SPEAKER

"The Devil's Kitchen," dealing with unsettled world conditions today, and especially with Japan's aggression in China and the European situation, was the timely subject of an address presented by Mrs. James B. Moorhead of Marysville, State Federation chairman of International Relations, following her introduction to Saturday Afternoon Club, Saturday, by Mrs. W. H. Higgins, program chairman. Pictures and maps illustrated the talk, and informative books relative to places and people discussed were named by Mrs. Moorhead, who over 20 years has made international relations and books her hobby.

Music for the day was provded by Mrs. J. H. Hansen who sang "A Brown Bird Singing" and "Sort of Miss You," to piano accompaniments by Mrs. H. L. Preston. Brilliant autumn flowers and leaves graced the rooms and tea service followed the program. Hostesses were Mrs. E. W. Dutton, chairman, Mesdames L. M. Folsom, M. M. DeHart, E. H. Schamber, Lloyd Bittenbender and Harry Mercer.

In response to an invitation extended federated clubs of the county to be present, the following were in attendance: Mendocino Study Club—Mesdames Allan Gorman, B. L. Elliott, H. S. Nichols, N. M. Parsons, W. J. Forney; Willits Improvement Club—Mesdames E. M. Fish, Lola K. Josephson and Emma Thompson and Miss Gay Tucker; Kosmos Club — Mesdames Ina Branson, J. Q. White, Nina Hands, C. J. Beckley, R. K. Melander, A. J. Leno, A. Lydick, F. F. Zeek, Ellen Copsey, E. Mason, Hattie Thornton, May B. Atkinson, H. N. Deering, Mary E. Reynolds, John Finne, H. P. Dohring, Frank Wilson and Andrew Wilson.

Mrs. R. R. Ingels presided at the business meeting of Saturday Afternoon Club. Miss Helen Thornwill of Potter Valley was taken into the club as associate member. Mrs. C. A. Bernhard reported on the "Down on the Farm" supper and bridge benefit party, which proved very successful.

It was announced by Mrs. Louis Hildreth 10 unusually fine soloists from Berkeley would appear in the first concert of the musical and dramatic series to be held December 2 at eight o'clock in the evening, when club husbands will be guests.

GAVE BRIDGE LUNCHEON

Mrs. E. L. Albertson was hostess at brdge luncheons Wednesday, Thursday and Friday of last week.

PARTY FOR SCHOOLMATES

Alyce Swim entertained 22 schoolmates at a spook party last week when the young people were gathered at the home of her parents on the north highway. Grapevines in gorgeous colors, witches, cats and jack-o-lanterns decorated the house, and in one room was a tent where Mrs. J. M. Sanford, dressed as a gypsy, gazed into a crystal ball and told the future of each guest. Games and Halloween stunts were followed by the serving of refreshments. A large pumpkin filled with favors was the centerpiece, and cupcakes with Halloween faces, apple pudding and hot chocolate were the appropriate fare. Gathered at the festive scene were Mary Angelo, Marilyn Brown, Patsy Glelow, Irene Hall, Maxine Hurds, Eleanor Bunter, Patsy Foster, Mary Ellen Hovey, Nancy Parks, Gladys Hull, Lois Bynum, Dorothy Gilbert, Jeanne Woodruff, Alyce Swim, Charles Hofman, Dan McKenzie, Donald Hammond, Bobby Hall, Teddy Lancaster, Ernest Hull, Micky Carpenter, Bobby Crudo. Besides these young school friends, Mr. and Mrs. Swim and son, Bobby, Mrs. J. M. Sanford, Miss Elizabeth Ryder and Royce Hall were present to assist and enter into the spirit of the occasion.

PROLONG STAY IN CITY

Mrs. Madge C. Stone, of Redwood Valley and Ukiah writes from San Francisco she hurriedly went there to enjoy the last week at the Exposition and, perhaps, may remain through the winter. She described the closing evening of the Fair as warm and clear and very impressive, as bands played, taps sounded, flags lowered and 147,000 people sang "America." "It made us proud to be Americans but sorry to see beautiful Treasure Island dark," she says.

GOLDEN WEDDING OPEN HOUSE FOR MR. AND MRS. J. W. PICKLE

Four generations of the family of Supervisor and Mrs. J. W. Pickle, who will celebrate their golden wedding next weekend. Pictured here are Mrs. Pickle, Supervisor Pickle, their granddaughter, Mrs. Bernice Denham, a great-grandchild, Donald Denham, and Mrs. Etta Christy, daughter of Mr. and Mrs. Pickle and mother of Mrs. Denham.

Friday, Supervisor and Mrs. J. W. Pickle, a long honored couple of this county, will celebrate their golden wedding at an open house to be held at their ranch home in Coyote Valley where they have lived the past 30 years. Friends will be received from two to eight o'clock in the afternoon and evening. Golden leaves and blooms, such as chrysanthemums, typical of the season, will grace the rooms where the gracious couple will reign in observance of the golden year of the autumn of their lives. Assisting the host and hostess will be their daughters, Mrs. J. F. Guntly and Mrs. M. A. Christy, and a daughter-in-law, Mrs. R. D. Pickle. A wonderful wedding cake is to center the refreshment table, all beautifully arranged in keeping with the golden theme.

Fifty years ago, November 10, 1889, Miss Lulu Jackson became the bride of J. W. Pickle, when the marriage ceremony was performed at Potter Valley by Rev. A. L. Paul, of the Methodist church. Mrs. Pickle is a native of St. Louis, Mo., and came here when six years old. Mr. Pickle, arrived at Potter Valley at the age of nine years, coming from Healdsburg, where he was born. As a young boy he helped his father with teaming, hauling, ranch and road work, and has engaged in similar occupations for himself since. He is now in his third year as county supervisor and both he and Mrs. Pickle have won the high regard of the entire district. Mrs. Martha Day of Potter Valley is a sister of Mr. Pickle, and Mrs. Alpha McFarland, now residing in Ukiah, is a sister of Mrs. Pickle.

J. W. Pickle has worked as road foreman for three different supervisors: 12 years for Supervisor C. P. Smith, four years for Supervisor M. L. Gibson, and 20 years for Supervisor E. M. Ford, making a total of 36 years as road foreman in District No. 2 of Mendocino county. During these years Mr. Pickle has also done quite a number of contract road jobs for the county and for private parties.

Sunday, November 12, a family dinner for 24 will be served at the Pickle home. The guest list includes the host and hostess, two daughters and a son, 12 grandchildren and one great-grandchild, namely: Mr. and Mrs. J. F. Guntly, John, Tilda and Sarah Guntly; Mr. and Mrs. R. D. Pickle, Marjorie, Luis, William and Patricia Pickle; Mr. and Mrs. Robert Pickle; Mr. and Mrs. M. A. Christy and Billie Christy; Mr. and Mrs. Dan Denham and son, Donald; Mr. and Mrs. Mack Miller.

This is the third golden wedding to be celebrated in the county the past fortnight, others being that of Judge and Mrs. G. R. Redwine of Covelo a week ago Saturday, and that of Mr. and Mrs. Clem Heryford of Ukiah last week.

BIRTHDAY PARTY

Sunday a surprse dinner party was given by Mrs. James McFarlande in honor of her daughter, Babe Ray, who received many lovely gifts. Chrysanthemums were the decoration and two cakes were baked especially for the anniversary. Guests were Mr. and Mrs. Thomas McFarlande and son, James, Mrs. Dolly Tibbets Wright, the Misses Thas McFarlande, Yvonne McFarlande and Madeleine Orr, Jack Butler, Ed Cadde and Len Michaelson.

APPLY TO WED AT RENO

Miss Dorothea Daniels and Joseph Howard Lochbridge, both of Laytonville, were issued a marriage license at Reno Friday last.

LEAGUE GHOST PARTIES

Thursday evening the Senior Epworth League of the Methodist church carried lanterns and candles to the old Cunningham house on Henry and North Pine streets where fluttering lights and shadows played through rooms and passages, enlivening the long vacant and unfurnished house by casting distorted shadows of witches and hobgoblins as the costumed figures entered into the spirit of the evening. Following games, apples, doughnuts and punch were served. Miss Frances Green is president of the group.

The intermediate unit of Epworth League held its Halloween party two evenings earlier in the social hall of the church, which was also a fancy dress affair, with appropriate diversions and refreshments. Miss Patsy Pike is head of this league section.

FORMER MEMBERS HONORED BY TWENTY-THIRTY

There were 42 members of Twenty-Thirty Club at the regular dinner meeting of the group at The Maple Cafe last week, with former and honorary members as special guests, and Frank Branson presiding. Charter members included Dr. R. D. Withrow, Attorney Wayne P. Burke, Pete Simoncini, Joe Trimeloni, Jack Goudge, Robert Harmon, Leonard Lawson, Gale Lawrence, Hans Wolfe and Percy Ornbaun. Past presidents among the number were Dr. R. D. Withrow who headed the Club before its charter was received, Attorney Wayne P. Burke, presiding officer at the time the charter was granted, Jack Goudge, Harley Branson, Robert Giannoni, Carl Daubeneck, Pete Simoncini, Joe Trimeloni, Jack Goudge, Robert Harmon, Leonard Lawson, Hans Wolfe and Kenneth Busch. Honorary members, given the distinction for their services to the Club, who were present were Edward A. Eversole, Fred Dickey, Paul Poulos and Dr. E. C. Bennett.

Miss Madelaine Orr motored to Napa Thursday where she spent the day.

ANNUAL TURKEY DINNER

The regular meeting of Kewanna Council, Degree of Pocahontas, and Redmen scheduled the second and fourth Thursdays was superceded recently by the annual turkey dinner of the two groups held jointly the previous Tuesday at Steiert hall, the Redmen furnishing the birds so popular at American holiday feasts, and the ladies of the council preparing the sumptuous banquet. The decorations were skillfully arranged by Mrs. Jamie Dohring. Tables were skirted by frilled crepe paper of orange, and were further adorned by pumpkin faces, turkeys, favors and place cards. On the refreshment committee were Mrs. Harold Lovegrene, the Misses Mary and Louise Boccaglio, Fred Bent, Clyde Wegner and Fred Figone. Pedro was the card game forming the diversion of the after dinner hours, with prizes going to Robert Guidi, Mrs. Georgie Mosna and Mrs. Edom Bartolomei.

The next meeting will be tomorrow evening.

ENGAGED COUPLE FETED

Miss Orletta Hawn, whose engagement was announced at a Halloween party at the home of her parents, Mr. and Mrs. E. F. Hawn, last week, and her fiance, Edward Oden, were honorees Friday evening when Mr. and Mrs. Mark King entertained at a dinner party at their home. Red berries and red candles were the attractive autumn decoration. Tripoli formed the entertainment during the latter part of the evening. Guests were Mr. and Mrs. Hugh Corum, Mr. and Mrs. Preston Johnson, and Miss Orletta Hawn and Edward Oden, the feted couple.

LUNCHEON AT VICHY

Thursday members of the A. & J. Sewing Club were guests of Mrs. F. L. Bosworth at a delicious luncheon in the charming setting of Vichy Springs. Later the group adjourned to the Bosworth home on Jones street for an afternoon of stitchery.

BIG TREK ON VALLEY—GALS SELL KISSES!

Fund Raising Support Of Unusual Kind Provided!

SWAINS MAY ATTEND

Pulchritude Doing Its Bit At Anderson Valley Tonight

ANDERSON VALLEY, Nov. 7.—Everything is in readiness for the high school dance, carnival and bazaar to be held this evening in the County Fair building. There will be a program, including a short playlet followed by dancing to Leroy Jewett's orchestra in the auditorium while the rest of the building will house the carnival and bazaar. Added to the high school booths will be an I. O. O. F. booth selling popcorn and peanuts, a Grange booth with fish pond, the Farm Center running a bingo game and the ladies of Unity Club a cooked food booth with many tempting dishes suitable for Sunday dinner. One of the most popular booths will be sure to be the one where pretty freshman girls sell kisses—by the time this is printed their enthusiastic customers will have learned what kind. Proceeds go to the high school and everyone is working hard to make it a grand success, which it is sure to be.

Mr. and Mrs. A. B. Willis enjoyed a visit over the weekend from their son-in-law and daughter, Mr. and Mrs. Donald Logan and small daughter, of Oakland, and their son and daughter-in-law, Mr. and Mrs. Dennie Willis from Laytonville.

Halloween Party.

A group of 30 youngsters were entertained Halloween evening by Miss Blanche Brown and Mrs. E. N. Knivila, assisted by Mrs. W. M. Brazill, Mrs. Hazel Nobles and Cecil Mitchell at a dancing party in Farrer's hall. With the exception of Mrs. Knivila all are valley teachers. A hot chocolate and cake service completed the pleasant evening and all were loath to leave when midnight rolled around. The young people attending the party were members of Mr. Mitchell's dancing class of last year and their guests. If Mr. Mitchell can gain support of parents he will continue classes this year.

Left Valley Sorrowing.

The tragic automobile accident that caused the death of Edna Ruth Miller last week in Redwood Valley and landed Ed Gschwend in jail on a felony charge, cast its shadow here over the home of Mrs. Percy Field, sister of the dead girl. Mrs. Field left at once for the family home in Redwood Valley on receipt of news of her sister's death.

Do Not Forget.

Rev. E. R. Haselden hopes all will remember the potluck supper at the Boonville church Friday, which is being held in honor of the new District Superintendent Dr. T. L. Wilkins, at his request, as a sort of get-acquainted meeting.

NIGHT SCHOOL HAS RESUMED

Classes At Hopland Offer Wide Selection To Study

Special Correspondence of The Press

HOPLAND, Nov. 7. — Mr. and Mrs. H. Johnson are rejoicing over the arrival of a baby girl during the week, at the home of Mrs. Lena Robinson, maternal grandparents of Mrs. Johnson. The new arrival, the first child in the family, has been named Marian Lynn. Dr. Van Allen, of Ukiah, was attending physician.

Walter Cooper, small son of Mr. and Mrs. Clifford Cooper, is recovering nicely after a severe illness of several days.

Were At Conference.

Mrs. Frank Harmon and Mrs. Idelle Travers, of Hopland, and Mrs. P. D. Wilsey, of Ukiah, attended the P. T. A. conference last week at the home of Mrs. Flora Saxon, Willits. A consultation was held with Superintendent of School John W. Taylor in regard to activities of the P. T. A. during the 1939-1940 season.

Mr. and Mrs. John Lasch, of Oakland, were recent guests in the home of Mr. and Mrs. John Hughes.

Had A Masquerade.

A masquerade party was given Halloween at the high school auditorium by the Girls League. Games, dancing and refreshments were the order of the evening of fun enjoyed by the high school sudents.

Classes Again On.

Night classes will reopen at the high school November 15 from 7 to 9 p. m., with the following courses offered for the year: Leathercraft, public speaking, woodwork, photography, men's physical education, women's physical education, present day problems, band or orchestra, typing, home economics, shorthand and the works of science.

Mr. and Mrs. G. C. Feliz, of Santa Rosa, were visitors during the weekend in the home of Miss Lola Duarte. Nick Duarte was also a guest in the home of Miss Duarte.

E. A. McMullen, of Alameda, a former resident of Hopland, was a business visitor in Hopland on Friday.

Mr. and Mrs. Earl Beasley have returned from an enjoyable motor trip in the northern part of the state.

A. M. Salinger, of Piedmont, and J. M. Salinger and Mr. and Mrs. Herbert Salinger, of San Francisco, passed the weekend on the Salinger ranch in McDowell Valley.

Were In Accident.

Mr. and Mrs. Jesse Shively motored to Vallejo Saturday, returning to their home here the same evening. They were visitors in the home of Mr. and Mrs. Arthur Peck, of Vallejo, who were in an automobile accident the latter part of the week, in which Mrs. Peck, daughter of Mr. and Mrs. Shively, was severely hurt.

Honored At Shower.

Mrs. C. C. Buckman was hostess to her bridge club Saturday afternoon at the home of Mrs. Ellen Ward. Following refreshments and cards, a towel shower was tendered Mrs. Milton Kelly, recent bride. Mrs. Robert E. Shimmin won first prize at bridge, Mrs. Edna Williams second, while the booby prize went to Mrs. Kelly.

Mrs. L. Saladay, of Santa Rosa, is a guest in the home of her daughter, Mrs. Russell Patteson.

Held Achievement Night.

Hopland 4-H boys attended achievement night Friday evening at Redwood Valley school, observed by all clubs in the county. Also attending from Hopland were Mr. and Mrs. Harold Buckman, Mr. and Mrs. A. W. Billings, Mr. and Mrs. Lester Ellis, Mr. and Mrs. W. C. Peters, Mrs Helena Vassar, Erven Vassar, Mrs. M. Coles and Earl Goforth.

BENEFIT WAS BIG SUCCESS

Redwood Valley Ball Attracted 400 On Saturday Night

Special Correspondence of The Press

REDWOOD VALLEY, Nov. 7.—More than 400 attended the benefit dance given for the Redwood Valley volunteer firemen Saturday evening. The orchestra furnished fine music and the floor was excellent. All of the barbecued meat was served and more could have been disposed of had it been on hand. A tidy sum was realized.

A Big Boys' Gathering.

The annual 4-H achievement day was held at the school Friday evening. Many 4-H boys and girls came from other towns to receive their pins, join in the entertainment and enjoy the delicious refreshments. Anderson Valley, Hopland, Potter Valley, Ukiah, Willits and Redwood Valley had representatives. The meeting was opened by the Redwood Valley 4-H orchestra, led by J. Simpson. James Goforth, of Hopland, conducted the meeting. All joined in singing 4-H songs led by Harley Branson, Ukiah. Farm Advisor C. S. Myszka gave an interesting talk on 4-H work and also stressed importance of all 4-H records being kept up to date. Leon Hooper, of Coyote Valley, read names of members who were to receive pins, while William Bromley, of the Savings Bank of Mendocino County, presented the pins.

Had Film And Feed.

After presentation of pins, an educational film was shown, obtained from the superintendent of school's office. After the meeting, ice cream and cake were served.

Go To Southwest.

Mr. and Mrs. Dave Berry left the early part of the week for New Mexico, where Mr. Berry intends to visit a daughter. Mrs. Sargent, of Oakland, is visiting with Miss Albertine Berry during her parents' absence.

Joe E. Brown and Louis Waldeschek are reported among the valley folks who are ill.

Earl and Howard Peebles were home over the weekend from Santa Rosa Junior College.

Miss Olive Ford left for Orick where she will aid in taking care of her sister-in-law, Mrs. James Ford, who is sick.

Mrs. Odessa Mohr was here Sunday for a short visit. Mrs. Mohr has just erected some stores in the center of Laytonville. The new building occupies the corner where the Helm Hotel used to stand at the intersection of the Redwood highway and the Jackson Valley road.

Supervisor Ed. Haehl was in San Francisco last week on county business — considering what is to be done with the Redwood Empire building on Treasure Island.

PERSONAL MENTION

Mrs. Lenora Richardson, of Talmage, left this week for Oakland where she will visit her son, Eric Richardson, and later go to San Francisco, where she will be a guest of her daughter, Mrs. Francis Ross. Mrs. Richardson plans to be away until the last of the month.

Harvey Hopper, of Hopland, was here Saturday on business.

Miss Carline Hinds, Miss Marvina Ford, Lowell McNeil and Herschel Ford attended a party at Santa Rosa last week.

County Social Agent William F. Davis motored to Lake county the first of the week on business, accompanied by Mrs. Davis who visited friends at her old home in Lakeport.

Jack Pettis came up from San Francsco last week on a business and pleasure trip.

A. A. Heeser was over from Fort Bragg last week on one of his regular business trips.

Mrs. D. Downing returned last week from an extended visit at Ojai, Venturi county.

Mrs. D. L. Lewis, accompanied by her mother, Mrs. V. L. Shriver, and her nephew, George M. Shriver, were in Ukiah Wednesday, coming from Lake county.

Mrs. Ed Alves, formerly of Ukiah, was here from San Francisco Monday.

Will Dryden returned last week from Petaluma where he has been living for several months. to his home at Willits.

Supervisor R. A. Thompson, of Marin county, was here yesterday and called on A. R. O'Brien while in town.

Mr. and Mrs. R. J. Kilgore, of the Empire Paint Co., will pass the weekend in Eureka.

Roy Witherell is recovering satisfactorily from a serious illness in Ukiah General Hospital.

THE REPUBLICAN PRESS is the LEADING NEWSPAPER of MENDOCINO COUNTY

NOTICE TO CREDITORS

All persons having claims against GEORGE MUMM, deceased, are required to file them, with the necessary vouchers, in the office of the County Clerk at Ukiah, California, or to present them with the necessary vouchers to the undersigned executrix at the offices of MANNON & BRAZIER at Ukiah, California, within six months after the 18th day of October, 1939.

HARRIET PETERS,
As Executrix of the Last Will and Testament of said Decedent.

MANNON & BRAZIER,
Attorneys for said Executrix.

First publication in Ukiah Republican Press, Oct. 18, 1939. 23-4c

Press Wantads have repeatedly proven sure-fire result getters.

Obituary Notice

OWSLEY, William Edward, 65. Passed away Monday, November 6, in San Francisco, at 2:30 p.m.

Beloved husband of Mrs. Margaret Elledge Owsley, brother of Mrs. Fannie White and Harry Owsley, and step-son of James W. Ricker.

Funeral services will be held at 2 p. m., Wednesday, November 9, from the Eversole Chapel. Interment will be in the local cemetery.

Obituary Notice

WAUGH, Fred, 27. Passed away Monday, November 6, at 8:30 p. m. A native of Ukiah, where he lived all his life.

Beloved husband of Sadie Waugh, son of Mrs. Anna Waugh and the late Fred H. Waugh, father of Janet and Virginia Waugh, and brother of Mrs. Ethel German, Mrs. Bessie Parker and Mrs. Kathleen Kneeland.

Services will be at 3:30 o'clock, Wednesday afternoon, November 8, from the Eversole Mortuary, Rev. Leonard Brown officiating. Interment will be in the local cemetery.

NOW IN CITY

Mr. and Mrs. Guy Morris are now residents of San Francisco where Mr. Morris is following his trade. Mr. Morris was here last week. Mr. Morris was the contractor on The Republican Press building and for years had been contractor for George M. Mann's Redwood Theatres.

Mr. and Mrs. Whit Ham, of Covelo, were here Monday. They were returning from a three weeks' visit in the Bay region.

Will Ray was down from Cummings on courthouse business Monday.

NOTICE TO CREDITORS

Notice is hereby given to all persons having claims against Moses C. Briggs, also known as M. C. Briggs, deceased, to present the same with the necessary vouchers at the office of the Clerk of the Superior Court of the State of California, in and for the County of Mendocino, at Ukiah, California, or present them with the necessary vouchers to the undersigned administrator at the offices of Thomas & Thomas, at Ukiah, California, all within six months after the first publication of this notice.

J. R. ADAMS,
as Administrator with the will annexed of the last will and testament of said deceased.

THOMAS & THOMAS,
Attorneys for Administrator.

HURRY! WIN A YEAR'S SUPPLY OF GROCERIES! 5 EXTRA AWARDS of Cash and Brer Rabbit Molasses

BEAUTIFUL NEW RECIPE BOOK FREE TO EVERY CONTESTANT

LAST CALL!

ONLY one more week — then the big Brer Rabbit Molasses recipe contest closes. Your last chance to get free groceries for a year!

So get busy! All you have to do is send in a recipe that calls for molasses. Gingerbread, cookies, muffins, puddings — any recipe in which molasses is used.

But send it now! The contest closes at midnight, November 18th. Act quickly!

READ RULES CAREFULLY!

1. Write on one side of paper. Under recipe, print or write plainly your name and address.
2. Send as many recipes as you wish, but attach to each recipe one label from a can of Brer Rabbit Molasses.
3. Mail to: PRESS
9. This is the last of four one-week contests in this section.

WEEKLY PRIZES
Best recipe—$1.00 in cash
6 next best—Each a can of Brer Rabbit Molasses

The four recipes winning First Prizes will be automatically entered in the Brer Rabbit Molasses National Contest for the GRAND PRIZE of a year's supply of groceries. Winner will receive a $500 order on his or her grocer—or $500 in cash.

5. Entries must be postmarked before midnight on November 18, 1939.
6. Recipes will be judged for originality, practicalness and good results. No entries returned. All prize-winning recipes become the property of the packers of Brer Rabbit Molasses. Decision of judges will be final. Judges: Miss Clementine Paddleford, Food Editor of Christian Herald; Mildred Jesslund, Arline Rolland.
7. Names of all winners, with prize-winning recipes, will be published in this paper.

crew. It had been a year since I saw Camp Farley. We had no time to drive up, but, passing, the site was immaculate and has been beautified with white rocks, apparently about walks and driveways; the sloping grounds are green with fresh lawns. As we drove onto Outlet bridge, at Longvale, Jack Purdy was sweeping the planks for oiling.

Buck Comes To Visit.

Suddenly, the early morning sun flashed upon a glossy, colorful creature. It was a stately, handsome buck; he strolled about the bridge with head high and for almost a moment I forget to drive. Mr. Purdy told us he was their regular morning inspector and he certainly appeared proud and friendly among the workers.

Showed Up Well.

Talent is where you find it and fame and fortune may be just around the corner. Cecil Hart, husky senior high school student, is back from two weeks passed in the San Francisco Seals training school—106 youths with supposedly baseball ability arrived at the Seals Stadium for test training, but only 40 remained, and Cecil Hart, aspirant for a pitcher's fame, received much favorable comment and was requested to return when spring school opens in February. Seemingly, this means a chance for the local youth, and here's wishing him the top rung. At the Ball Club Mr. Hart met Don Di Maggio, brother of "Joe," and "Lefty" O'Doul, the colorful star from Butchertown.

Cause To Be Thankful.

There were three reasons why the Golden Wedding anniversary of Mr. and Mrs. Chas. Barkdoll was an especially happy occasion. First, Mr. Barkdoll, who has been failing in health several weeks, was able to join in the day's pleasures at home; second, it was a quiet celebration with reminiscences of those times a half century ago; third, the special event brought home the children, grandchildren and great-grandchildren. At noon a delicious chicken dinner was served and Mr. Barkdoll was able to take his place by the side of his devoted companion. Those honoring the couple were Mr. and Mrs. Geo. Azbill and family, Mr. and Mrs. Raymond Barkdoll, Mr. and Mrs. Jack Jensen and children, Mrs. Gertrude Azbill and family, Mr. and Mrs. Ray Walker, Willits, Mr. and Mrs. Clyde Brush, Chico, Mr. and Mrs. Paul Cerutti, Mr. and Mrs. A. Walker, Willits.

They Put It On.

That much used and overworked word, "delightful," will necessarily have to be used again to describe the evening passed at the friendly Rollie Gray home in Williams Valley. Strictly, it was a jovial, old-fashioned party, with music and dancing—yes, the polka, two-step and quadrille. This is how it went—Miss Hazel Smith, with her pretty accordion, Miss Helen Miller, guitar, and Alan Miller, violin, furnished snappy music. Mrs. Will Rhoads took her turn playing the harmonica, accompanied by Mr. Gray on the guitar and for once "Rollie" forgot the listeners and his fine voice brought forth old romantic ballads. F. P. Faltersack, magician and entertainer, charmed the group for a time. Other guests motoring out to this country home were Mrs. L. M. Miller, Wm. Rhoads, Mrs. Edith Walters, Mr. and Mrs. Elmer Bucknell, Everett Miller, Vallejo, Glen Bucknell, and, of course, the star dancing team, Mr. and Mrs. Caleb Brush. Mrs. Gray, the hostess, served luscious sandwiches, cake and coffee.

That Scout Feed.

The Boy Scouts birthday dinner and Court of Honor held at the grammar school was a well planned evening. In honor of Troop 48's three years of work Mrs. Leo L. Sanders made a three layer pyramid cream cake on which were three candles. At 7:45 the flag pledge was led by Senior Patrol Leader Tommy Hill, Jr. Grace was said by Patrol Leader Bob Moore. Fifty-four Scouts, their parents, Scout officials and their families sat down to a dinner of chicken pie, salads, bread, butter and coffee. Following dinner Scout Commissioner Paul Hoffman presided during Court of Honor, which was opened by an informal report of progress by Scoutmaster Leo L. Sanders. Membership cards for the coming year were presented Tom Hill, Benny Franklin, Stanley Hart, John Wilson, John and Grover Bauer, James Redwine, Russell Gray, Lawrence Connor, Bob Moore, Joe Clark and Henry Bauer. One year service stars were presented to all except John Wilson and Joe Clark. John Bauer received the Tenderfoot badge; Merit badges awarded were Tom Hill, wood turning and music; Benny Franklin, forestry and music; Stanley Hart, forestry; Lawrence Connor, music; Bob Moore, personal health; James Redwine, handicraft; Patrol Leader Bob Moore received the award for best year's attendance. Miss Hazel Smith, a guest, played two accordion solos. After Court of Honor adjourned, Scout games and stunts were enjoyed. At 9:20 Scouts gathered in a circle to repeat the Scout Prayer and to be dismissed. The troop had considerable equipment on display and a newly made tent drew attention and much favorable comment.

Met Serious Injury.

While working on the Wm. McDuffie ranch at Williams Valley, driving a tractor, Delbert Brown was the victim of a mishap which may cause the loss of sight in one eye. The unusual accident occurred when the battery on the tractor blew up in Mr. Brown's face. He was immediately taken to Dr. Otto Barkan, noted San Francisco specialist, by Dr. J. E. Mooy, accompanied by the youth's father. Mr. Brown is at Dante Sanitarium and it will be 10 days before the exact seriousness of his injury will be ascertainable.

Down From Nome.

Unannounced, Lester Long arrived home Friday from Nome, Alaska, where he has been the past two seasons in highway construction. Sterling Montague and Mr. Long were traveling companions to Seattle, flying from Nome to Fairbanks and Valdez, thence to Juneau by boat. Mr. Long thoroughly enjoyed several days visit there with the Hugh Cokes and was shown through the Alaska-Juneau Gold Mining Co., property. From Seattle Mr. Long was a Greyhound passenger to Laytonville. Mr. Montague chose to visit his sister, Mrs. Myrtle Baker, high school faculty member at Redding. Both young men came down minus baggage, therefore it appears the northern country has gotten under the hide.

Is Somewhat Worse.

Mrs. Chas. Johnson, who suffered a stroke some months ago but has been slowly improving and excellently cared for by her daughters and husband, suffered a second and more severe stroke late Thursday evening. Dr. J. E. Mooy is in attendance.

On Duty Visit.

Dr. H. S. Bishop, Ukiah, supervising veterinary meat inspector, was in town during the week on his way to Eureka. Dr. Bishop is a busy man with seven counties—Humboldt, Lake, Del Norte, Sonoma, Marin, Napa and Mendocino—in his territory for meat inspection.

Saw The Finish.

Among those seeing the last days of the Fair on glamorous Treasure Island were Mr. and Mrs. Graydon Finfrock, E. A. Gravier, Mr. and Mrs. Earl Long, Mr. and Mrs. Dave Ayers, F. P. Faltersack, Mr. and Mrs. Glenn Matthews, Wayne Lindsey, Miss Betty Jean Moore.

Gus Goertz, Sr., is visiting in Oakland just prior to his trip south. Gus Goertz, Jr., visited here and the father returned with his son.

Mr. and Mrs. Ted Goforth and Teddy, Jr., were round trip business callers Thursday at the countyseat.

Mr. and Mrs. Henry Bartenhagen and children arrived from Coarse Gold and are guests in the Gus Redwine, Jr., household

Classes Have Begun.

November 6, the Round Valley high school evening classes started. Any person not attending day school is cordially invited to enroll in one or more of the classes. Night school has proven popular here in the past and several new classes have been added. More will be said of these next week.

Cecil Moss and Richard Smalley, of Geyserville, were overnight guests at the Elmer Bucknell ranch prior to their expedition into the forests in quest of bear.

Mrs. Floyd Cates, Laytonville, has been visiting her ill mother, Mrs. Chas. Johnson.

NEWS-LAUGHS

NEWS ITEM—Four men escape from West Virginia jail, leave note. "If we'd been treated well we would have stayed and done our time. The coffee is no good, never was, and never will be There is no seasoning in the food."

HALLOWEEN IS MUCH TOO WILD

Viciousness Displayed By Youngsters On Night Of Fun

Most people are amused with harmless Halloween pranks and when small children parade the streets wearing false faces and witches' garb the adults enter gleefully into the spirit of the occasion. But when grown people commit malicious mischief that is another matter and all are agreed such persons should be severely dealt with.

Plate Glass Windows Scratched.

Halloween night was observed very much as usual by rubbing soap on windows and a few changes of movable articles. This was not so bad but when some person used a glass cutter on the show windows at several places of business it created much adverse criticism. This person must have pressed the glass cutter hard against these windows for it made a deep cut. This plate glass costs from $50 to $100 to replace and on account of the deep cut the action of expansion and contraction may cause the windows to break.

Possibility Of Injury.

Removal of water meter covers is a dangerous practice and might have caused serious injury in the darkness or by some person with weak eyes stepping into the meter box; stringing wires across sidewalks was another act of folly by unthinking pranksters last week. Some auto owners report acts of vandalism, and there was a bit of distribution of eggs and vegetables unfit for use, hurled against houses and cars.

Check On Culprits.

The local authorities rounded up a number of young people and have the names of many more who were involved in property destruction. Some of the misdeeds included placing an iron bench from the downtown park across a road, causing broken headlights and other injuries to a car, more serious results being narrowly averted, pushing a trailer through a fence, and daubing paint on cars. It has been suggested after an eight o'clock curfew on future Halloweens, minors on the streets without their parents be gathered in by officers.

Would Restore Property.

A car cushion and other miscellaneous articles were recovered from the center of the street by the local police who are holding them for owners to claim.

Sheer Desecration.

The most shocking of all Halloween follies was the uprooting of plants and flowers on the graves in the cemetery.

Ernest Lambert's Cousin Is Taken

Mr. and Mrs. Ernest Lambert attended the funeral of James W. Monroe, cousin of Mr. Lambert, which was held Saturday at Woodland. Deceased was a former sheriff of Yolo county.

Mr. and Mrs. Fred Pitner were at the home of their daughter, Mrs. George Burkhart, Wednesday in Potter Valley.

Mr. and Mrs. George Burkhart, of Potter Valley, were in town the last of the week visiting relatives.

OUTSIDERS SEE OPPORTUNITY IN THE COUNTY

One Of Best Ranches Bought For Raising Pedigreed Sheep

EXPERIMENTING PAST

Brush To Be Burned On Benches And Grass Planted

Special Correspondence of The Press

WILLITS, Nov. 6.—During the past year quite a number of ranches in Sherwood Valley and Long Valley have changed hands and most of the new owners are stocking their places with pedigreed breeds and making some very extensive improvements, but the largest of all the sales took place last week when Frank Johnson, of Napa, purchased what is still generally known as the Knight ranch. This place contains about 8000 acres and extends from the lower end of Long Valley to Outlet creek opposite Farley. It has several hundred acres of good valley land which has been used to raise hay and feed for the stock. The Redwood highway passes through the western end of the ranch and the railroad on the east side. This ranch has long been considered one of the best stock ranches in Mendocino county for it is about evenly divided between summer and winter range.

To Burn Brush—Plant Grass.

Like most ranches, what used to be the best grazing land has of late years grown up in brush thickets which are of no value whatever. Several hundred acres of bench land is covered with manzanita and Mr. Johnson, the new owner who is also an experienced sheepman, intends to have this brush cut and burned and then plant grass where the brush stood. He expects to start with about 1000 head of sheep and his theory is that after the grass gets a start the sheep will kill out the new growth of brush. His plans call for extending this brush eradication over a period of several years and in the meantime he will become acquainted with the country and the weather conditions. Fortunately the ranch has considerable cross fencing and stock can easily be moved from one section to another. The winter range is on the slope leading to Outlet cheek and snow seldom, if ever, falls there.

Was Plaything Of Rich.

This ranch has a varied history and of late years has changed hands frequently for most of the owners were rich city men who knew nothing about ranching and lost a lot of money making experiments. Most of these rich men made improvements such as expensive homes in which to entertain their city friends. They also experimented with various breeds of pedigreed cattle, among which were the Black Angus stock.

Unusually Well Fenced.

About 35 years ago the late George A. Knight, who was then one of the leading San Francisco attorneys and a former resident of Humboldt county, purchased the ranch for his summer and outing home with the intention of retiring on it eventually. He bought considerable adjoining acreage to round it out and then had it fenced with what was then the best materials in that part of the county. This woven wire fence and the cross fences were quite a number of miles in length and everything, including the posts, had to be the best and it cost considerable. Following Mr. Knights death, his heirs sold the ranch and it changed hands several times. One of the owners was H. O. Harrison, the San Francisco automomile magnate, and he sunk large amounts of money on the place making experiments with stock and on improvements. It was he who stocked the ranch with registered pedigreed Angus cattle.

"SPEED" WAS EXEMPLIFIED

Modern Handling Of Construction Job Was Seen Here

Splendid progress is being made on the new firehouse and jail. The concrete for the outside walls was poured last week and the crew is now working on the roof.

Meyer Block Progress.

The concrete also is poured for the walls of the Henry Meyers new building on the corner of School and Church streets and the work was completed in one day. A professional concrete crew did the work and spectators were amazed at the rapid way in which they did it. There were huge piles of crushed rock, gravel, sand and cement awaiting them and the crew hauled this material to a great mixer that can handle several tons at a time. At the far end of the mixer six more men with wheelbarrows received the mixture from a huge bucket operated by a crane and the cement was poured almost before you realized it.

New 1940 Chevrolet Master De Luxe Sport Sedan

NEW BONANZA RICHES TOLD

Local People Interested In A Famous Gold Mine

(The Porterville Recorder)

Not many Porterville people know the Alhambra Shumway mine, near Kelsey, in the heart of the Mother Lode country, which has been making mining history the past several weeks, is not only largely owned in Porterville, but was developed from an old mining property, patented in 1868, through the efforts of A. P. O. Crabtree of this city, and others.

Nothing Like It.

Officials of the American Smelting and Refining Co. at the huge Selby smelter last week looked at some of the jewelry rock taken from the chute now being mined and declared that, never in all their experience, had they seen anything like it. One piece of ore weighing 578 ounces, in a recent shipment, was so permeated with gold it looked like a huge nugget of gold, with a few pieces of rock imbedded in it.

Think Of This!

Mr. Crabtree, who has been staying at the mine, picked out at one time nuggets of gold worth $200,000, selecting only the larger and more attractive pieces while the smaller went to the amalgamation mill. In 28 days, Mr. Crabtree said, gold worth nearly half a million dollars has been taken from the foot-wide ledge, the richest ever struck in America. How much the mine will yield is beyond estimate.

Story Of Mine.

Mr. Crabtree was first told of the property by C. H. Halliburton, a cousin, and money was raised to take over and begin developments. Largely through Mr. Crabtree's persistent efforts, the work was carried on from July, 1936, through all sorts of difficulties, until August of this year, when the epochal strike was made. Mr. Crabtree, who is well known here, said the half million or so taken out is just a "plug from the watermelon" compared to what the mine will yield.

Where It Lies.

The mine is six miles from where John Marshall made his gold discovery that started the '49 rush. On every side of it are placer grounds that yielded millions of dollars during the early days of mining in California. Within less than three-quarters of a mile, Mr. Crabtree said, are Spanish Flat, American Flat and other old placer deposits from which $17,000,000 was taken in the early days..

Stock Owned Here.

Several Ukiah people are financially interested in the mine.

Sent For Ukiah Carpenter.

Mr. Crabtree, a personal friend of B. F. Parsons, local carpenter, recently sent word to Mr. Parsons to come to the mine and take charge of all building and construction there.

Lee and Peter Persico came down from Willits, Saturday, on business.

TRAFFIC NOW THE PROBLEM

State Street Signs Are Help But Not Cure —Bring Relief

Ukiah is becoming more metropolitan all the time and, naturally, some of the good is mixed with the bad features. Among the latter is the growing congestion on State street—traffic is so heavy, at certain hours, pedestrians have to wait their chance to cross over.

Put In Signals.

In order to give the pedestrians a break, the city has had four mounted stop signs placed at the intersection of State and Smith, State and Standley and State and Perkins and State and Stephenson streets. These signs face both north and south and carry the caption, in large letters, "Stop For Pedestrians."

Are Using Detours.

Ukiah is not the only city on the Redwood highway facing this problem for at Santa Rosa, Petaluma, San Rafael and other points they are routing through travel and trucks over roads that avoid business districts. There is now some talk of having such a detour highway east of State street through this city.

Lots Of Acorns Aid Sheep This Season

Bob Chatham, prominent rancher of the Willits section, was here last week on business and stated the grass in that region was all gone and his sheep were now living on acorns and browse. The acorn crop was unusually heavy this year and is several inches deep beneath most of the oak trees. Sheep are fond of acorns and are actually gaining weight. Mr. Chatham lambs early and expects to be through by the first of the year. Last year his early lambs were turned off about Easter and brought splendid prices.

Frank W. Reynolds, formerly county assessor, who is now operating a tourists camp in the redwoods in the northern part of the county, was in town last week on business and pleasure.

Mrs. Elizabeth Bittenbender came down from Willits last week and passed several days visiting her son Lloyd Bittenbender and family.

SUPERVISORS IN FINE JOB

Opening Of River A Big Aid To Fishermen Here

The Sonoma county supervisors are working to speed completion of the Jenner jetty project at the mouth of Russian river so salmon and steelhead can come up the river as soon as we get some heavy rains. This means much to Mendocino county for the fish come up to the headwaters of the river to spawn. The supervisors are working with the State Chamber of Commerce and Russian River Sportsmen's Club and have sent a committee to Sacramento to take the matter up with the U. S. engineers who have charge of the work.

Expect Fish At All Times.

Bids will be called for rebuilding the jetty and redredging the channel and after this work is completed there will be an open channel for the fish at all seasons.

Oscar Davis Rites Held At Graveside

Graveside services were held Friday for Oscar C. Davis, 46, a native of California and resident of Sacramento, who was buried in the local cemetery beside his father and sister. Deceased passed away Thursday in Sacramento where he was many years a prominent member of the police force. Mr. Davis was the beloved husband of Gladys R. Davis, and the loving son of Hester Ann and the late Loring B. Davis, and a brother of the late Lorene Davis. Funeral services were held Thursday at Sacramento and Rev. Leonard Brown officiated at the last rites here. Eversole Mortuary was in charge.

Coasters Got Big Elk From Yakima, Wash.

The body of a large-sized elk fastened to the rumble seat of an automobile attracted considerable attention Friday noon. Mr. and Mrs. M. J. Pellascion, of Point Arena, were on their way home from Washington where Mr. Pellascion killed the buck near Yakima. The animal weighed 1000 pounds dressed and the seven-point antlers had a spread of 48 inches.

MORTY HOLDS THE MEMORIES OF THE PAST

Local Store Was A Gathering Place For Pioneers

THE OLD FIREPLACE

Hearth Was Debate Center Of Ones Long Dead

Morty's news stand and novelty store is one of the oldest business establishments in Mendocino county. The business was started by C. E. Kent 54 years ago and has handled practically the same lines of merchandise during all of this period. It also holds the record of having been closed only one day during this long stretch of years and that was the day President Harding was buried.

No Railroad Here Then.

Charles Kent was one of the popular characters in his day just like Morty is in his. Ukiah was not much more than a village 54 years ago for it was before the railroad was extended here and Cloverdale was the terminus. The arrival of the northbound horse drawn stage was a great event and a large portion of our residents turned out to see who had come to town. At that time this store had the agency for the San Francisco daily papers and all of the subscribers called for their papers. Then, as now, they also carried all of the popular periodicals and school books and supplies, besides an assortment of general merchandise.

Townsmen Gathered There.

There was a large open fireplace in the rear of the store which was lighted with kerosene lamps. During the cold months men used to congregate around the fireplace and talk politics and chew tobacco and smoke their papes. A full line of tobacco was carried by the store and most men bought a long plug of either Star or Climax chewing tobacco and at intervals took a "chaw" as they then called it. The fireplace was used as a cuspidor and some of the men prided themselves on the distance they could spit and hit a mark. Occasionally a "drummer" joined this group and told the latest story and then treated the others with a cigar which was generally put in a pocket and kept for some special occasion.

Had To Buy Schoolbooks.

Some boys who afterwards became prominent bought their school supplies at Morty's and they included Rear Admiral Hal Stanley, John L. McNab, Robert Duncan, J. B. Sanford and others who went far, nationally. The "dudes" bought their stiff bosom white shirts, collars and cuffs and ties there for even in those days we had some high society. The dudes wore toothpick or pointed shoes and a derby hat.

And Were They Modest!

In those days there were hitching racks in front of every place of business and all around courthouse square, to which ranchers and strangers hitched their teams or riding horses. State street was a quagmire during the winter months with mud sometimes a foot deep and the women who wore dresses that dragged on the ground had an exciting time when crossing the street for they were only allowed to lift their skirts high enough to clear the mud and not high enough to expose their calfs. It was almost a crime in those days for a woman to show her ankles or lower legs — what a change from nowadays!

When Morty Came.

C. N. Mortenson, better known as Morty, purchased the busines from Charles Kent in the early twenties and even at that time horse stages were operated to Lake county and other points. Even then The Palace Hotel bus would meet the noon passenger train and the stages were sometimes standing in front of Morty's while the passengers ate. Nights when there was a big dance or local dramatic entertainment all of the hitching racks in the center of town were filled with pawing horses and this was also true on Saturdays when the ranchers came to town after their supplies.

Always Handled Tickets.

Then, as now, Morty's had the reputation of carrying the best lines of novelty stock and of course the women flocked there to make purchases of articles that could not be found elsewhere. Tickets for all kinds of shows, including circuses, were on sale there. After the show or circus people used to congregate at Morty's to talk about the entertainment, for people had more time to be friendly than they now have.

Favorite With Tourists.

Morty started giving tourists Ukiah stickers for automobile windshields 15 years ago and these are now scattered all over this country and Canada. The tourists have also heard about Morty's large collection of autographed photos of Hollywood movie stars and often stay for some time looking at them and almost always they find some kind of a redwood novelty or picture to take home with them.

Keeps Up-To-Date Stok.

Morty specializes in high-class merchandise and last year made a trip to New York to select his winter stock, which has just arrived. He has connections with some of the largest and best dealers in novelties in the country and is always "tipped off" on things that are "just out."

TWO COUPLES LOSE FONDNESS

In Both Cases Mate Is Accused Of Being Cruel To Spouse

Two more couples have applied to superior court to dissolve the marital ties by which they are now bound and in both cases the plaintiff accuses the spouse of extreme cruelty.

One Year Was Enough.

Olive Emma Duncan and Leroy Duncan were married at Santa Rosa in 1938. They have one child and no community property. James Busch is attorney for the plaintiff.

Break Up After 19 Years.

Willie Duncan and Raymond Duncan were married at Ukiah in 1920 and since then have accumulated four children, a car valued at $75 and about $200 worth of household goods which the plaintiff asks the court to award her. She also asks for $50 per month alimony to pay for the support of herself and children and costs of suit. Burke & Rawles are her attorneys.

RANCHER FINED $50

Ephraim Rich, Coyote Valley rancher, was fined $50 in the Sacramento Federal court last week. He was charged with having nine gallons of hard liquor in his possession on which he had failed to pay the Federal tax. Mr. Rich got off easy, as this is the minimum fine for this offense.

HOME FOR THANKSGIVING

Mrs. Lester Cox, who came from Battle Creek, Michigan, to be with her mother Mrs. M. B. Gibson ill in Ukiah General Hospital for the past fortnight, expects to return to her home for Thanksgiving.

ON BUSINESS TRIP

Judge H. L. Preston who was looking after legal matters in Napa Thursday went to San Francisco before returning to Ukiah the last of the week.

UNIQUE SEASON IN 55 AUTUMNS

We have experienced bright, sunny days the first week of November which remind one of mid-summer more than late fall, and more amazing is the lack of rain up to this date. Frank L. Caughey remarked he has been in Ukiah 55 consecutive years and never before has known so dry and warm a season at this time of the year.

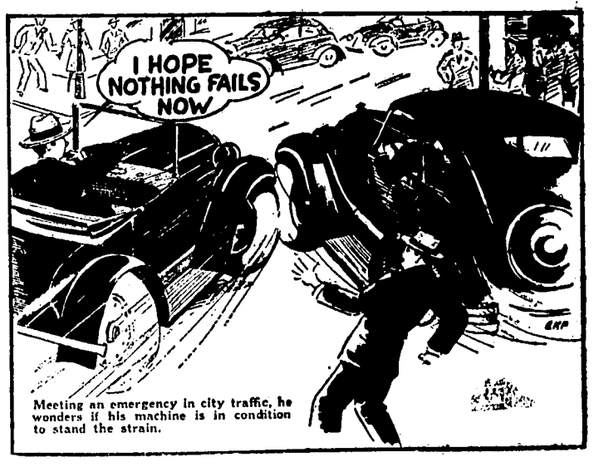
Things Drivers Worry About

While driving fast on the highway, the motorist fears failure of some car part he has neglected to have checked.



Meeting an emergency in city traffic, he wonders if his machine is in condition to stand the strain.

Perils of Driving and Repair Expense To Be Avoided Through Investigation

I WONDER

(By Ol' Bill)

I wonder how many motorists know that . . .

—you may lose two miles to the gallon if the air cleaner of your car is very dirty;

—you don't really spend anything for new spark plugs, because they pay for themselves in increased mileage;

—one-eighth inch of rust inside a water jacket will prevent cooling, and cause overheating, just as badly as a sheet of asbestos;

—oil sludge, developed by miles of driving, might plug a little hole in the lubrication system, causing a big bill for repair of gears and bearings;

—your rear-end pinion gear stands the punishment of three millon seven hundred fifty thousand revolutions in 5000 miles of travel, and therefore requires fresh grease, if you'd play safe.

—the oil film on the cylinder wall of a motor is only one-tenth the thickness of a soap bubble film; therefore it must be tough and clean to protect the mirror-like surface, which means a change every 1000 miles;

—you needn't call me a "killjoy," just because I speak of such things, because I'm only trying to prevent accidents, save money for motorists and make their driving more enjoyable.

OL' BILL

NEW U.S. TIRES MEET HAZARDS OF WEATHER

"Be prepared for any road in any weather."

This was the warning issued today by E. J. Bassine, sales executive of U. S. Tire Dealers Corporation, as he urged motorists to take advantage of General Petroleum annual free Winterproof inspection service.

"After the strain of summer driving with the extra hazard of winter roads ahead, every driver should make certain his car is prepared for top performance," Mr. Bassine cautioned. "Tires are especially important. For it's on wet, slippery pavement that worn, smooth casings take their greatest toll.

"Fortunately, today," he continued, "almost everyone who owns a car can afford the extra protection of quick-stopping, non-skid tires. Indeed, he can't afford to be without them, because it's the cheapest life insurance he can buy.

"Our new U. S. Royal Deluxe tire is a good example of the tremendous safety factor U. S. tire engineers have been able to build into a moderately priced tire. The Royal Deluxe has an entirely new, quick-stopping, double-action tread. This, in reality, is a tread within tread. First, it has a perfected, six-row non-skid block design, and secondly, it has an entirely new quick-stopping device which places on the ground more than 2500 extra, sharp-gripping edges, which greatly increase the stopping power. The instant car brakes are applied, these 'grippers' go into play, bite through slippery road film and bring the car to a quick and safe, straight-line stop. Drivers of the test cars promptly named it the tire with the 'brake action' tread.

CAR EXAMINATIONS MADE AT MOBILGAS STATIONS TO PROMOTE SAFE MOTORING

Banishing car worries and erasing any doubts in the minds of motorists about the condition of their machines, is declared to be the purpose of the free automobile inspection system, announced today by local Mobilgas station specialists, under the name of Winterproofing. Check-up time is here, they say, in offering to make examinations of many vital automobile parts. The inspections are gratis, except for needed materials.

"There is no longer any need to tempt fate," declares M. D. Perkins, of General Petroleum Corporation, "because the free inspection plan started by our Mobilgas dealers relieves the motorist from all concern about the status of tires, wheel bearings, rear end gears, transmissions, cooling systems, windshield swipes, crankcase oil, air and oil filters, and other parts bearing on safety, performance and comfort in driving.

Engineers Urge Inspection.

"Critical examinations of such parts, which is now offered by well trained and fully qualified Mobilubrication experts, should be made at least twice a year. This statement is made on the authority of highway officials, safety specialists and automotive engineers, whose research work reveals the necessity for a semi-annual checkup to reveal any hidden dangers.

Summer Has "Done Things."

"Summer has done things to your car," continued Mr. Perkins. "This is a statement we made a year ago, and it will bear repeating now. While you've been pounding your machine over the roads, appreciable quantities of dirt and grit have been sucked in through the crankcase breather, oil filter and air purifier; grease in the gear boxes has taken severe punishment and should be replaced; rust and sediment has accumulated in the radiator and motor water jacket; tires have picked up bits of glass, and probably tacks and nails; grease in the wheel bearings has probably done its full duty, and should be inspected to prevent bearing failure.

The Answer To Worry.

"Many motorists worry about these things, and entertain doubts as to how long their cars will run without failure or heavy repair bills. The only safe and satisfactory answer, to relieve the car owner's mind and re-establish confidence in his machine, is a thorough Winterproof inspection. Specialists in charge of Mobilgas stations are prepared to do a complete checkup job, a complete cleaning and re-vitalizing job, while a car is being lubricated. Every motorist owes it to himself, to his car and to his passengers to take the precautions which this free semi-annual inspection plan offers. It's better to be a week early than a day late in having this checkup made. It ends doubt and worry, which means a lot to anyone."

Uses Magic Wand

Howard S. McConnell, of the Mobilgas service, says he's using a magic wand to insure accurate Winterproof inspection. This magic is nothing more than the marvelous X-ray system designed by Mobiloil automotive engineers. On this X-ray chart the motorist is able to see the inner parts of his car, and tell just what lubricant to use in each one, to properly protect it from premature old age or failure. Mr. McConnell invites motorists to see this wonderful chart.

H.S.McConnell

Imps Menace Cars

"A devilish parade of imps constantly menaces every motor on the highways," is the expressive statement of Howard S. McConnell, Mobilubrication expert at General Motors Service station on State and Scott streets, who explains, "These little devils are minute carbon particles and fine grains of sand, plus the road dust (made up of disintegrated rock and cement) drawn into motors with the air. The destructive imps play havoc with finely-fitted expensive parts, if allowed to travel in oil unhampered. Fortunately air and oil filters stop some of them, but these filters must be cleaned and crankcases must be flushed regularly to prevent unnecessary wear. This work should be done during the Winterproof period."

HE ANSWERS ALL

"Will your car start on cold mornings and nights? Will the gears shift easily? Will the motor oil properly protect bearings and cylinders? Is the radiator and cooling system okay? How are the wheel bearings? These are just a few questions answered by Winterproofing," asserts Howard S. McConnell of the General Petroleum service station on North State street, who says he is ready to give answers free, thus easing motorists' minds.

MOTORIST OFTEN FEARS SOMETHING MAY FAIL

(By R. P. Walker, District Manager, General Petroleum)

Will the auomobile stand up? Will it strip a gear, or burn a bearing? Will a tire blow out? Will something fail, and where will I land?

These are a few of the worries that race through the mind of the average car owner at times, especially when he is caught in a tight place and must depend on his machine to pull him out of it safe and sound. Often he thinks such things when traveling at high speed across the country, or when he meets an emergency in city traffic.

After he has a good case of jitters, he usually drives into the first good service station or garage just to make sure everything about the automobile is okay. Often, when he puts the queston to himself, he can't remember when the front wheel bearings were packed, when the tires and battery were checked, when the lights were examined, when he had the grease flushed out and changed, or when he changed oil. Because he can't remember, he begins to worry.

That's why Winterproofing was originated. That's why we offer free inspection at this particular time of year—right now, before winter actually gets under way. But, no matter whether it's cold or hot, clear or rainy, every car should be carefully examined in the fall of the year, after the summer beating it has taken. Thus we make sure it's in safe, smooth, economical operating condition. Motorists tell us this free inspection system, offered now at Mobilgas stations for a limited time only, is mighty helpful in quelling their fears, re-establishing confidence, and actually saving them money in year-around operating costs.

With the Winterproof checkup system now in operation, there is no more need for anyone to worry about the condition of his car.

TO END DOUBT AND WORRY ABOUT CARS

Checkup Time Is Here, Say Mobilgas Men In Announcing 1939 Winterproof Plans

Fair motorist is cautioned by officer that now's the time to have her car inspected, because of danger months ahead. She is Linda Winters, Columbia Pictures player, featured in "Golden Boy." The officer's advice is valuable, says L. F. Knox, Pacific Coast safety engineer, active in the National Safety Council, who declares: "Any inspection service, such as Winterproofing, is a move in the right direction, bringing to motorists' attention any auto defects that might endanger life or property."

DON'T GAMBLE

"Gambling with life and limb is a dangerous practice, as everyone will agree," asserts Howard S. McConnell. "But that's just what we are doing when we fail to have our cars carefully checked and inner cleaned at regular intervals. That's why traffic experts urge such inspection. That's why Mobilgas station men offer, semi-annually, to make checkups free. We believe many will use this helpful service during 'Winterproofing'."

Could Cars Talk

"If cars could talk they'd say harsh words to some motorists who neglect them, and fail to give them the right diet of oil and grease," declares Howard S. McConnell, of the General Petroleum service station at the corner of Scott and State streets. "A car is almost human, you know. It needs a regular checkup, and good food, just the same as its driver does. Our Winterproof inspection system, a free checkup service, is the right answer to what every car needs to lengthen its life."

Avoiding Accidents

Preventing accidents is a big part of the service station man's job, as Howard S. McConnell, popular manager of General Petroleum Corporation's service station here, sees it. "Our careful scrutiny into the condition of every machine, especially during the free Winterproof service, prevents a lot of real trouble on the road. It also keeps cars running smoothly. Thus, we spread comfort and happiness around our neighborhood. Safety-conscious folks will use this service, and be glad they got it."

ROAD TO SAFETY

"The best road to safety and saving in operating a car," declares M. D. Perkins, local manager for General Petroleum Corporation, "is the road to the Mobilubrication hoist. Skilled inspection when you get the car up on the hoist, often reveals hidden dangers that can be quickly overcome. Thus you are more secure against mishap and you save money on repairs. Cars should be thoroughly checked at least twice a year. We're doing this check now and free, during Winterproofing."

M. D. Perkins

Whew! Some Dust!

"In reading U. S. Government research figures, I have discovered," says Howard S. McConnell, of the Mobilgas station, "that, on an average, there are 115,000 minute particles of dust in a cubic foot of air. Hence, when you drive 5000 miles at an average of 30 miles an hour, the crankcase breather of your car sucks in about 150,000 cubic feet of air, containing dust and grit measurable in millions of harmful particles. Anyone can see the wisdom of flushing crankcases and thoroughly inspecting cars during Winterproofing."

NEGLECTED AUTOMOBILES ARE MENACE TO DRIVERS SAY TRAFFIC OFFICIALS

Neglected cars are a menace to all motorists and pedestrians. This is especially true at this season, because November December and January are danger months for travel, say Mobilgas service men in announcing the Winterproof inspection period is here.

Concurring in the opinion that automobiles should not be neglected, are officers of the law, highway officials and safety engineers, who make constant studies of accident causes.

"In many places throughout the country," says A. W. Stultz, traffic officer, "the regular inspection of motor vehicles is compulsory. In this state, and many other states, such examinations are fostered and encouraged in every possible official way. Facts about causes of accidents give us abundant reason.

Defects Cause Accidents.

"For instance, let me cite that, in a single year, approximately 19,900 persons were involved in traffic accidents caused by defective lights, more than 8000 were killed or seriously injured because of badly worn and defective tires; many other thousands of drivers and passengers met serious accidents because of the failure of various parts of motor vehicle equipment.

"In spite of this appalling record, when owners were compelled by certain cities or states to submit their machines to inspection, only about 28 per cent of them were found to be in safe driving condition. That such cars are a menace to the highways, everyone will admit.

Inspection Plan Endorsed.

"I believe, however, that most motorists in this section of the country are thoughtful enough—are actually concerned about the condition of cars—that they voluntarily have them inspected at least twice a year, and oftener than that in many cases. Such examinations safeguard their lives and their property, and save the lives of others on the highway. This is indicated by improving conditions, and by the records of garages and service stations. The free checkup plan offered by such places as General Petroleum Mobilgas stations should be highly commended."

Sludge, grit and carbon—almost 10 pounds of it—taken from inside an auto motor, arouses the amazement of Linda Winters, feature player in "Golden Boy," a Columbia picture. She learns from a Mobil specialist about the urgency of Winterproof car inspection, and regular motor flushing, to prevent such dangerous accumulations and their attendant repair bills.

POUNDS OF DIRT REMOVED FROM INNER PARTS OF AUTO

Literally pounds of dangerous muck are frequently taken from the combustion chamber, crankcase, water jacket, oil purifier, air filter and carburetor of a car sent to the repair shop for overhauling, according to information gathered by L. A. Borquin, of General Petroleum Corporation, who declares:

"If you could see this mass of sludge, carbon, rust, grit and harsh abrasive (weighing, sometimes, as much as 10 pounds from a single ill-treated, neglected car) you would resolve that never again would your automobile run more than six months without a complete flushing of crankcase, cooling system and gear cases, and the cleaning and renewing of the air filter and oil purifier, originally installed to protect the machine from its worst enemy, which is dirt.

"Yes, just because of the damage wrought by dirt, many an automobile goes to the scrap heap long before its allotted time. Often it goes to the wrecking yard after a record of death and destruction brought on by mechanical failure traceable to this treacherous muck accumulation.

These are the strongest possible reasons for inspection and flushing of vital parts at least every six months, and regular lubrication and oil changing every 1000 miles. Also essential to reduce formation of carbon and sludge to the minimum, is the use of the highest grade gasoline and lubricating oil.

"The offer of free inspections twice a year in Mobilgas stations is a great aid in promoting long car life, plus safe, satisfactory motoring. Thousands of motorists will benefit from the Winterproof inspection plan, now in operation."

Drive Carefully!

The Highway Patrolman Is Your Friend
Cooperate With Him For Safety's Sake!

Time to WINTER-PROOF!

ASK FOR THIS 12 POINT SERVICE FREE

AS A CAREFUL DRIVER you want your car to be safe. As a matter of ordinary common sense you want your car to operate economically. If there is any serious wear developing you certainly want to discover it before it becomes a real hazard and an unnecessary expense.

To safeguard you and your car, drive in today to your Mobiloil-Mobilgas dealer and ask for the Free 12-point Winter-proof service.

No matter how careful you have been...you must realize that any car that goes through a summer's driving takes a lot of punishment. A check-up now may save a lot of expense later on, and it should improve the operation of your car.

Remember...this service is free except for any needed materials you may order.

(NO CHARGE EXCEPT FOR NEEDED MATERIALS YOU ORDER)

1. Cooling system checked for scale and leaks. Hose and clamps inspected.
2. Radiator drained and flushed.
3. Fan belt checked and replaced if necessary.
4. Old Summer lubricant removed from transmission and differential, cases thoroughly flushed, universals carefully checked and correct winter grade of Mobil lubricant supplied.
5. Crank case drained and flushed and filled with the correct winter grade of Mobiloil.
6. Oil filter inspected and new cartridge installed if needed.
7. Battery tested, cables inspected, terminals cleaned and distilled water added if necessary.
8. Spark plugs inspected and cleaned and replaced if necessary.
9. Windshield wiper inspected and adjusted or replaced if necessary.
10. Lights inspected, lenses cleaned.
11. Interior vacuum cleaned.
12. Tires inspected and inflated.

WED TODAY AT RENO AND TO HONEYMOON AT LAKE TAHOE

Miss Shirley Zarr today will become Mrs. Clarence Turner when the two young people, both of this city, exchange nuptial vows at Reno, Nevada, former home of the bride. The rites will be performed by an old family friend who is a minister at the Nevada capital. Following the ceremony the happy couple will tour the beautiful country about Lake Tahoe during a week's honeymoon.

The attractive bride is a daughter of the late Mr. and Mrs. M. Zarr of Fort Bragg; a sister of Miss Betty Zarr of San Francisco, Wesley Zarr of Willits, and Berle Zarr who, like herself, has made his home with Mrs. Belle Pickle of Ukiah recently. Miss Zarr is also a niece of Henry Harms of Willits. A native of Fort Bragg, she graduated from the coast city grammar school, later attending Ukiah high school, and has many friends among the younger set.

Mr. Turner is the son of Mrs. Virginia Evans of Ukiah and a brother of the Misses Ariel, Georgiana and Agnes Turner, and Warren Evans, all of Oakland, and of Marshall Turner, a student at San Francisco State College. He received his diploma from the local high school in 1934 and is now an employee at Mendocino State Hospital. Upon returning from the wedding trip the newlywed pair will reside at Talmage.

The bride-elect was honored at a shower at the home of Mrs. Belle Pickle, October 26, when many lovely gifts were received for the new home. The following day was the honoree's birthday, and she again was showered with presents at a party also held at the Pickle home. There is a wide circle of friends to extend best wishes to the young couple.

MOTOR TO SONOMA

Mr. and Mrs. W. H. Lord and son, Walter Lord, accompanied by Roderick Clark, motored to Sonoma Sunday to pass the day at the old home of Mr. Lord's mother.

HONORED BY I. O. O. F.

At the last meeting of Odd Fellows at I. O. O. F. hall, Robert Anderson, who has resided at the corner of School and Scott streets of this city many years, was honored and felicitated by officers and members of the lodge on his eightieth birthday, after which all retired to the banquet hall, where his three daughters, Mrs. Jennie Austin, Mrs. Ida Enright and Miss Mae Anderson, ably assisted by Mrs. Emily Miller and Mrs. Anna David, had prepared a wonderful supper. The beautifully decorated table held many dishes and delicacies to which Brother Anderson is partial, as planned by his loving daughters. Following the refreshments, to which all did ample justice, again many congratulations and good wishes were extended Brother Anderson who, despite his four-score years, carries his age lightly, which no doubt is because of a lifetime of clean living and a clear conscience. He was extolled as a man of honor, integrity and benevolence; one whose numerous benefactions to the poor are rarely known, even to his closest friends; one people of Ukiah should well be proud to claim as a citizen; and one whose future years it is wished may be many and very happy.

RUMMAGE SALE NOV. 20-22

Members of Holy Trinity Episcopal Guild have set November 20, 21 and 22 as dates for a rummage sale to be held at the store next The Maple Cafe, the place being secured through courtesy of Poulos Bros. Proceeds will go toward paying for reshingling of the church roof. Mrs. William F. Davis presided at the meeting. Refreshments were served by Mrs. E. L. Williams, hostess, assisted by Mrs. Ed. Porter.

MONDAY SEWING CLUB

Mrs. Maxine Brown was hostess to the Monday Sewing Club the first of the week at the third meeting of the group after a long summer's recess. First two hostesses were Mrs. Jean Swim and Mrs. Florence Holmes, and next Monday the Club will meet at the home of Miss Bernice Broaddus.

UKIAH RIDING CLUB BARBECUE AND GYMKHANA HOST

The fall Gymkhana of the Ukiah Riding Club will be held at the Twelfth District Fair grounds north of town, Sunday. Various horse sports will be enjoyed by horse lovers of Mendocino and Lake counties and special guests will be the Santa Rosa Cavaliers mounted drill team. A real treat will be in store for those attending, when they sit down to a barbecue put on by Ralph Richardson, chief cook of the Ukiah Riding Club, to be served at 12 noon, sharp, just preceding the events on the riding field.

Admission to the show will be free and everybody is invited. A special low price will be charged for a real barbecue lunch, sufficient only to cover expense. Events will include men's and women's races, relay races, watermelon races and package races, as well as exhibit of mounts in trail and pleasure classes. Entrants from Lake and Sonoma counties will take part. The entire club is supporting the affair and extends hospitality to the public.

P.T.A. MEMBERSHIP DRIVE

Yesterday afternoon Ukiah Parent-Teacher Association held a most interesting meeting at which Miss Grace Toles presided. Principal F. F. Zeek, chairman of the membership campaign now under way, reported the goal was 115 members and those wishing to aid in the welfare of school children were invited to join the association, nominal dues of 50 cents being required. The school nurse told of several new projects to promote health standards.

Members of the assocation had the opportunity to familiarize themselves with crafts and aims of Campfire Girls when Qwanacut group, under leadership of Mrs. E. L. Chelli, exhibited objects made, and Wahanka group, under leadership of Mrs. Verner Anderson, presented a short play. Miss Grace Toles presided at the business session. Tea was served by the hostess committee comprising Mesdames W. H. Messick, Andy Closs, Mark Pike and Al Tatman, assisted by Mrs. Karl Davis, hostess chairman for the year.

IMPROMPTU WITCH FETE

The E. H. Barker garage was the scene of a lively Halloween gathering of neighborhood children Tuesday evening of last week, parents of the revelers assisting by providing decorations of a witch riding a broomstick, skeletons, grimacing pumpkins, and cornstalks, and by serving refreshments after rollicking games. Present were Dorene Hofman, Nancy Harp, Lois and Paul Barker, Leonard Lawson, Jr., Alyce Towne, Dickie Buhn, Alice and Jane Goudge, Wanda and Nevill Carter, Floyd Ross, Wilma Rawles and Mariann Nielson. Mrs. Jack Goudge, Mrs. William Harp and Mr. and Mrs. Ted Barker. Miss Betty Mae Smith and Miss Claire Purdy formed an impromptu committee of supervision.

Mr. and Mrs. Al Fields and Ed Norberry were over from Fort Bragg last week.

NEWS OF ROUND VALLEY SECTION

Carried from page 6

Talked On Flowers.

For the recent weekend Misses Helen Hogshead and Elsie Northrup, members of the Burlingame high school faculty, were houseguests of Senator and Mrs. G. M. Biggar. Miss Northrup, a flower fancier and authority on flower arrangement, lectured and gave flower arrangement instructions Saturday afternoon at the Women's Improvement Club, held at the G. M. Biggar home.

A Halloween Party.

Saturday evening at Hoaglin, Trinity county, a Halloween costume party topped social affairs for that neighborhood. Miss Bertha Burgess Hoaglin, elementary teacher, was hostess for the dress-up and masked affair and everyone was invited. The party was colorful and unique for that remote section and in these small mountain communities real good old-fashioned country frolics and good times are still held. For those disporting themselves to dancing Miss Hazel Smith, faculty member of the local elementary school and who plays the accordion well, Miss Helen Miller, guitar, and Alan Miller, violin, furnished orchestra rhythm. Miss Smith was a weekend house guest of the L. M. Millers at Lake Mountain.

Shower For Newlyweds.

Mrs. Leonard Henderson was honored recently at a bridal shower, given in the home of Mrs. Leslie Dunlap. Many beautiful gifts were presented to the popular newlyweds for their home at Eden Valley. Hostesses were Mesdames Fred Reed, Douglas Henderson, Leslie Dunlap and Miss Luella Sweney. Mrs. Henderson is at the Eden Valley ranch this week supervising arrangement of their house, but plans to be back in town shortly.

Down From North.

Miss Mary Susan Chambers, of Mount Vernon, Washington, a niece and houseguest of Mrs. Grace Ella Cofer at Oakland, came up with the later Friday and were guests in the L. J. Lane household. Miss Chambers is state secretary for Washington Young Democrats, has been secretary of Representative Dr. David C. Cowen and was secretary for the appropriations committee. (Dr. Cowen has had a brother in the California legislature.) Miss Chambers is the daughter of Attorney and Mrs. Thos. K. Chambers. Mr. Chambers was a former resident and born in Round Valley. The attractive young socialite is visiting relatives at Ukiah this week and prior to her visit here was putting in much time on Treasure Island.

Came For Big Affair.

J. Orrin Hand, Oakland, Southern Pacific streamliner engineer, arrived Friday for the Redwine Golden Wedding anniversary. He was a guest of Mrs. G. K. Osborn. Mrs. Osborn made the return trip Sunday with Mr. Hand and will visit Mr. and Mrs. G. K. Osborn, Jr., for several weeks at Lindsey.

Again At Home.

After a five-weeks visit with daughters in the Bay region, Mrs. May Perry is home, accompanied by her grandson, Jimmie Dean. Mrs. Perry and the Frank Deans motored to Pleasanton Sunday prior to her return here, for a visit with the Rev. C. H. Petersens.

Have A Daughter.

Newest addition to the future young set is Carolyn Ann Brightenstine, born in San Francisco and weighing seven and one-half pounds at birth. She is named for her two grandmothers. Proud parents are Mr. and Mrs. Ivan Brightenstine.

Bought A Home.

Mr. and Mrs. E. "Bud" Neisen have purchased the attractive Leslie Dunlap residence on Grange street but will not take possession until late November. The Dunlaps will move to their ranch northwest of town.

Mr. and Mrs. Earl Long were on hand to see the wonders of the Golden Gate Exposition near the Fair closing.

Gus Goertz, Jr., came from Oakland for a visit with his father and sister, Mrs. Lester Fitzhugh. Gus Goertz, Sr., made the return trip to Oakland with his son for an indefinite sojourn.

Raymond Rice, a '39 high school graduate, has found employment, through Clyde Henry, in the U. S. machine shops at Sacramento.

Mrs. Everett Goforth and son, of Talmage, were at the L. B. English home two weeks past.

E. A. Gravier is back from the World's Fair on Treasure Island and visited Bay region friends.

Mayor "Bill" Whitney, State Board of Equalization, and Ed Purdy, also of Willits, were in town the past week.

From Glendale on their way to Eureka Mr. and Mrs. Robt. McReynolds and two children stopped for a visit with Dr. and Mrs. J. E. Mooy. Mr. McReynolds is salesman for Pacific Press Publishing Association and a brother of Mrs. Mooy.

In New Hands.

Mr. and Mrs. Robt. Tiffin and three children have located at the Chas. Hurt ranch, coming from Lindsay. Mr. and Mrs. Den Brush, who have been living at this ranch, returned to their home in the lower part of the valley and the Lindseys have moved into the Lou Johnson house on Church street.

Back from sightseeing on Treasure Island are Mr. and Mrs. Graydon Finfrick.

In Trinity County.

For the weekend Mrs. Wm. McCollough, Miss Marjorie Ann and Travis joined Mr. McCollough and Albert Travis at the Trinity county ranch.

The Ray Harpes were weekend guests of Mr. and Mrs. Will Goforth, from Willits.

Killed Big Bear.

George Potter boasts of killing a big black bear near the Walter Foster place on Eel river, after his Shepherd dog treed the animal.

Jack Goforth, truckman, and Frank Goforth, Jr., have taken delivery of a new International pickup to be used in conjunction with the trucking business. The purchase was made through Covelo Commercial agents.

Delivering Talks.

Dr. J. Edward Mooy is again filling the Federated church pulpit, giving a series of lectures on the Prophecies of Daniel. Those hearing Dr. Mooy declare his talks are of the finest.

Rev. and Mrs. Chas. Olson were dinner hosts Tuesday evening to Mrs. G. K. Osborn and Mr. and Mrs. Bennett Johnston.

Mrs. Vira O'Ferrall is visiting friends at Stockton and will be a guest of her sister, Mrs. Chas. Ciancio in Redwood Valley, before her pleasure sojourn is complete.

Mr. and Mrs. Dave Ayers have returned from a four days' trip to the Golden Gate International Exposition.

Ukiah shoppers Tuesday were Mrs. Henry Lond and Mrs. Roland Brown.

After a pleasant vacation Mr. and Mrs. Bruce Henderson returned to their ranch home near Fortuna Tuesday.

To Run Again.

According to word from Frank

SCHOOL BAND STRUTS STUFF

Youngsters Show Fit Pride In Musical Achievement

Good bands are an asset to any community and Ukiah is fortunate in having two of them. It so happens that each band serves a function that it would be hard for the other to supply. Our municipal band, composed of adults, furnishes music for those larger civic undertakings where a school band would be out of place.

School Band Parades.

Under the leadership of Robert Sharp we now have a high school band to be proud of. They made their first public appearance of this season Friday afternoon and our people were delighted by the splendid showing they made in their uniforms of purple and gold. There were seven rows of six in each row, or 42 all told, and they marched like soldiers for the rows were evenly spaced and everyone was in step. Miss Mildred Tatman was the drum major and would have made an adult envious of the way in which she handled the stuff, for she acts like a professional.

Youngsters Have Ability.

The musical training of the band is equally good and, while marching around the principal streets they were kept busy playing martial airs and other selections.

Joe Arsenio, who has been the field man for the Ukiah Production Credit Association, has been transferred to a like position in San Luis Obispo county.

A. Averill, head of the Yerba Buena Club on Treasure Island, the World's Fair will open again next year.

BEAR STEAKS ARE ENJOYED

Local People Given A Treat By Paul W. Poulos

During the years he has been in business here Paul Poulos has received many honors and gifts, but one of the most acceptable was presented last week—it was a young brown bear that dressed 196 pounds and is fat and tender. Needless to say a few of Paul's friends have sure been treated to some choice and juicy steaks.

Given A Cut.

Every year Paul Poulos goes hunting in Siskiyou county and while there has become quite chummy with Jesse and Kirk Fowler, who are professional hunters and trappers. Well, recently they killed four nice bear and made a special trip to Ukiah to present one to Paul.

HAS BROKEN ARM

Mrs. Ida Brown, assistant librarian, fell and broke her right arm while working with her flowers one day last week. The fracture was reduced by Dr. J. J. Kirwin but Mrs. Brown will be incapacitated for some weeks.

Allen Vantrease was down from Willits last week.

BARGAINS ARE THERE GALORE

Great Buy Made By Dan Cohen Passed On To Ukiahans

Dan Cohen is enlarging his business. He recently attended an auction sale in San Francisco where he purchased a large quantity of new and second-hand furniture and furnishings and other articles to use about a home. He bought these goods at a bargain and is going to pass them on to his customers at right prices.

He Has Everything.

The furniture and furnishings are so complete a person is able to furnish a home in almost any style furniture desired. Washing machines, radios, garden tools and a large assortment of plumbing goods are only a part of his assortment.

James Hurt and son were here from Round Valley last week.

You'll SEE a BIG difference when you have a MODERN DIFFUSED LIGHT

There is a lot of good "seeing-sense" built into the modern floor lamp. With a click, click, click you can turn on 100 watts, 200 watts or 300 watts which will give proper levels of light in rooms with average ceilings or 200 watts, 300 watts or 500 watts for rooms with above average ceiling height. The lower levels of light you will find just right for quiet conversations—higher levels you will find necessary for eye comfort when reading, playing cards, sewing or other intense eye work.

Ask to see these modern Better Sight Lamps when you buy a new lamp. Make sure that a white lined shade, diffusing bowl and right-sized bulb are parts of the lamp you are buying.

MILK

Do we realize the significance
Of the cow as she helps mankind?
Wherever civilization goes
Some form of milk you'll find.
To "Little America" Bossie went
With the famed explorer, Byrd;
Lacking milk in Antartica
To him would have been absurd!
Liners carry a great supply
Of butter, milk and cream;
Trains and trucks these products take,
And aeroplanes, it seems.
Milk is the one commodity
All of us require;
MITCHELL'S CREAMERY operates
With regard to your desire.
